automobile industry Daniel Wäldchen, 2012-11-22 Master's Thesis from the year 2012 in the subject Business economics

Miscellaneous grade 1 2 Berlin School of Economics and Law language English abstract This thesis seeks to contribute to the

discussion on latecomer firms by gaining insights into the catch up processes of five automobile companies in the passenger car segment namely BYD PRC Chery PRC Geely PRC Tata Motors India and Mahindra Mahindra India Based on learning theories and the core processes of automobile manufacturers the thesis develops a catch up framework to systematically compare automobile latecomers Korean automobile manufacturer Hyundai serves as an example for successful catch up and provides a contextual framing for catch up processes in the automobile sector An analysis of empirical data provides evidence for the evaluation of the catch up status of the five challenger firms The author emphasizes the influence of institutional settings in China and India and the role of business groups which both can act as facilitators for the catch up process Finally the thesis clusters the catch up strategies of the five observed companies in order to compare their approach The results indicate that the observed automobile latecomers have not achieved a sophistication level comparable to incumbents in terms of capabilities However opportunities to accelerate the capability building process exist Latecomers can leapfrog through partnering acquisitions or changing the rules of the game in the industry

The Quality Movement and Organization Theory Robert E. Cole, W. Richard Scott, 2000 The Quality Movement and Organizational Theory provides a framework within which organization theorists may learn from reflect upon and contribute to the development of new approaches to organizational change and improvement The book includes contributions by researchers who have been at the forefront of assessing new quality approaches how they work and the conditions under which they are effective It also draws upon other organizational scholars who reflect on current efforts and findings in an effort to better link them to existing knowledge The book bridges the world of theory and practice making academics aware of recent developments to improve organizational performance and exploring ways in which these efforts both contribute to and challenge current theories Practitioners will profit from the concerns and insights of organizational scholars

The Innovation Journey Andrew H. Van de Ven, 2008 This book examines the results of a major study of innovation in organizations calling into question most of the explanations of the innovation process that have been proposed in the past The authors find that the innovation process is neither sequential and orderly nor is it a matter of random trial and error rather it is best characterized as a nonlinear dynamics system They explain that the innovation journey involves motivating and coordinating people to develop and implement ideas by engaging in transactions with others while making the adaptations needed to achieve desired outcomes within changing organizational contexts

Adopting the Song of Phrase: An Mental Symphony within **Organizational Learning In The Automotive Sector**

In a global taken by monitors and the ceaseless chatter of immediate communication, the melodic splendor and mental symphony created by the published term usually diminish into the background, eclipsed by the persistent noise and disturbances that permeate our lives. But, nestled within the pages of **Organizational Learning In The Automotive Sector** a wonderful fictional value brimming with fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, that interesting masterpiece conducts visitors on a mental trip, skillfully unraveling the hidden songs and profound impact resonating within each carefully crafted phrase. Within the depths with this emotional review, we shall investigate the book is main harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
