Organizing Practice:

Current Practices in Workplace and Organizational Learning Bente Elkjaer, Maja Marie Lotz, Niels Christian Mossfeldt Nickelsen, 2022-01-01 The central assumption that guides this book is that research and practice about learning at the workplace has recently lost its critical edge This book explores what has happened to workplace learning and organizational learning and studies what has replaced it In addition the book discusses to what extent there are reasons to revitalize it Today themes such as innovation co creation and knowledge sharing seem to have become preferred and referred to as theoretical fields as well as fields of practice In several chapters of this book it is argued that the critical power of learning could be regained by starting a new discussion of how these new fields of practice can be substantiated by topics such as learning arrangements learning mechanisms and learning strategies Hence the aim of this book is to both advance and recapture our knowledge of learning in today s increasingly complex world of work and organizing The contributions in this work do so by revisiting classic research on workplace and organizational learning and discussing how insights from this body of literature evokes new meaning It sets the stage for new agendas and rethinks current practices that are entangled in activities such as innovation co creation knowledge sharing or other currently widespread fields of practice *Routledge Companion to Sport and Exercise Psychology* Athanasios Papaioannou, Dieter Hackfort, 2014-03-26 Written by an international team of expert contributors this unique global and authoritative survey explores in full but accessible detail the basic constructs and concepts of modern sport and exercise psychology and their practical application The book consists of 62 chapters written by 144 contributors deriving from 24 countries across the world The chapters are arranged in nine cohesive sections sport and exercise participants the influence of environments on sport and exercise motor skills performance enhancement building and leading teams career life skills and character development health and well being enhancement clinical issues in sport psychology and professional development and practice Each chapter contains chapter summaries and objectives learning aids questions exercises and references for further reading Its comprehensive scale and global reach make this volume an essential companion for students instructors and researchers in sport science sport and exercise psychology psychology and physical education It will also prove invaluable for coaches and health education practitioners [Pathological Gambling](#) Brian Castellani, 2000-03-31 This first book on the history of gambling examines how it became a major social problem in the United States and how it was made into a medical disorder **Beyond Prime Time Activism** Charlotte Ryan, Karen Jeffreys, 2019-03-13 In this accessible introduction to communication activism organizer Karen Jeffreys and sociologist Charlotte Ryan draw on more than two decades of ongoing collaboration using the Rhode Island Coalition for the Homeless RICH as a case study The book examines a community with shared values decision making and conflict resolution procedures tracking its organizing strategy and matched communication plan The authors first describe a communication campaign during the welfare reform battles 1990 1995 in which they began to practice

communication activism In ongoing work with two organizations over the next two decades they distil a model of communication activism that draws directly from vibrant traditions of empowerment communication in U S social movements and movements from the Global South Beyond Prime Time Activism provides students and researchers with an invaluable look at contemporary activism practices and with practical tools tried and tested in two decades of social movement engagement This book is ideal for anyone participating in social change movements or studying how they navigate communication and media inequalities
