**Colonizer and Colonized** , 2021-11-08 Over the last two decades the experiences of colonization and decolonization once safely relegated to the margins of what occupied students of history and literature have shifted into the latter s center of attention in the West as elsewhere This attention does not restrict itself to the historical dimension of colonization and decolonization but also focuses upon their impact upon the present for both colonizers and colonized The nearly fifty essays here gathered examine how literature now and in the past keeps and has kept alive the experiences both individual and collective of colonization and decolonization The contributors to this volume hail from the four corners of the earth East and West North and South The authors discussed range from international luminaries past and present such as Aphra Behn Racine Blaise Cendrars Salman Rushdie Graham Greene Derek Walcott Guimar es Rosa J M Coetzee Andr Brink and Assia Djebar to less known but certainly

**Retranslation and Reception**, 2022-08-22 This is the first complete study of the relationship between Retranslation and Reception Although many translation scholars have cited Reception Theory in their work this is the first systematic study of its relationship to Retranslation The book starts from the hypothesis that frequent retranslations of the same literary text into the same language may be indicative of its impact in the target culture The volume encompasses both theory and practical analysis of Retranslation and Reception as mutually dependent concepts The sixteen chapters relate the translations analysed to their socio historical contexts in order to assess the impact that they have had on the target culture in terms of the reception of the authors studied and also explore the relationship that may exist between the appearance of new translations and historical social or cultural changes
