Gruber, Holger Kersten, 1996 The existence of striking parallels between elements of the New Testament gospels and Buddhist texts has caused controversy among scholars and theologians in recent decades In this book the authors of The Jesus Conspiracy explore the connections between Buddhist missionaries in the Holy Land and the origins of Christianity Tibetan Buddhism Without Mystification Herbert V. Guenther, 1966 **Early Buddhist Meditation** Keren Arbel, 2017-03-16 This book offers a new interpretation of the relationship between insight practice satipatthana and the attainment of the four jh nas i e right sam dhi a key problem in the study of Buddhist meditation The author challenges the traditional Buddhist understanding of the four jh nas as states of absorption and shows how these states are the actualization and embodiment of insight vipassan It proposes that the four jh nas and what we call vipassan are integral dimensions of a single process that leads to awakening Current literature on the phenomenology of the four jh nas and their relationship with the practice of insight has mostly repeated traditional Therav da interpretations No one to date has offered a comprehensive analysis of the fourfold jh na model independently from traditional interpretations This book offers such an analysis It presents a model which speaks in the Nik yas distinct voice It demonstrates that the distinction between the practice of serenity samatha bh van and the practice of insight vipassan bh van a fundamental distinction in Buddhist meditation theory is not applicable to early Buddhist understanding of the meditative path It seeks to show that the common interpretation of the jh nas as altered states of consciousness absorptions that do not reveal anything about the nature of phenomena is

incompatible with the teachings of the P li Nik yas By carefully analyzing the descriptions of the four jh nas in the early Buddhist texts in P li their contexts associations and meanings within the conceptual framework of early Buddhism the relationship between this central element in the Buddhist path and insight meditation becomes revealed in all its power Early Buddhist Meditation will be of interest to scholars of Buddhist studies Asian philosophies and religions as well as Buddhist practitioners with a serious interest in the process of insight meditation
