Quaker Witness:

Quaker Testimony Paul Buckley, 2023-06 **Quaker Quicks - In Step with Quaker Testimony** Joanna Godfrey Wood, 2021-04-30 Margaret Fell was an inspiring and practical leader in the early Quaker movement in 17th century England Remembered as the wife of George Fox her writings have been largely forgotten This book brings them to life again with excerpts and reflections structured around the four testimonies that have continued to shape Quaker witness to this day Simplicity Truth Equality and Peace To do this Joanna Godfrey Wood follows each passage with a modern adaptation of Fell s words and then explores her own personal responses from a 21st century perspective We are left with a sense of a strong and beautiful bridge linking past and present *The Quaker Peace Testimony 1660 to 1914* Peter Brock, 1990 **Quaker Quicks - Hope and Witness in Dangerous Times** J. Brent Bill, 2021-07-31 This book invites all people of faith to consider how our personal and communal faith practices in growing deeper spirituality should bring us to a fresh engagement with the needs of this world This includes being active in promoting those values which align with our understanding of the gospel and standing against injustice oppression and evil inflicted on any of God s children Such activism rooted in deep spirituality may include being what Quaker civil rights activist Bayard Rustin called angelic troublemakers **Silence and Witness** Michael Lawrence Birkel, 2004 The Quaker spiritual tradition integrates mystical insight with prophetic witness Michael Birkel tells the story of the movement s origins describes how the distinctive Quaker practice of group worship in silence developed and explains how collective discernment is used in decision making He explores the historical development of the testimonies the ethical stands taken by Quakers for peace justice equality integrity and simplicity **Quakerism, Its Legacy, and Its Relevance for Gandhian Research** Satish Sharma, 2017-11-06 This elaborate book explores Quakerism its legacy and its relevance for Gandhian research The topics covered here include the historical circumstances conditions and thought that led to the birth of Quakerism the seeds and history of the movement the themes principles and practices of the sect and the aid change reform and conciliation efforts Quakers made to make people communities and nations more tolerant problem free and united As such the book will appeal to scholars planners policy makers and practitioners concerned with the boundaries of liberties freedoms pacifism peace and justice across people communities and nations Quakerism in the Atlantic World, 1690-1830 Robynne Rogers Healey, 2021-03-22 This third installment in the New History of Quakerism series is a comprehensive assessment of transatlantic Quakerism across the long eighteenth century a period during which Quakers became increasingly sectarian even as they expanded their engagement with politics trade industry and science The contributors to this volume interrogate and deconstruct this paradox complicating traditional interpretations of what has been termed Quietist Quakerism Examining the period following the Toleration Act in England of 1689 through the Hicksite Orthodox Separation in North America this work situates Quakers in the eighteenth century British Atlantic world Three thematic sections exploring unique Quaker testimonies and practices tensions between Quakerism in community and

Quakerism in the world and expressions of Quakerism around the Atlantic world broaden geographic understandings of the Quaker Atlantic experience to determine how local events shaped expressions of Quakerism The authors challenge oversimplified interpretations of Quaker practices and reveal a complex Quaker world one in which prescription and practice were more often negotiated than dictated even after the mid eighteenth century reformation and tightening of the Discipline on both sides of the Atlantic Accessible and well researched Quakerism in the Atlantic World 1690 1830 provides fresh insights and raises new questions about an understudied period of Quaker history In addition to the editor the contributors to this volume include Richard C Allen Erin Bell Erica Canela Elizabeth Cazden Andrew Fincham Sydney Harker Rosalind Johnson Emma Lapsansky Werner Jon Mitchell and Geoffrey Plank *Publications* Church Historical Society (Great Britain),1907 *Testimony* Rachel Muers,2015-03-09 This book brings Quaker thought on theological ethics into constructive dialogue with Christian tradition while engaging with key contemporary ethical debates and with wider questions about the public role of church communities in a post secular context *The Cultivation of Conformity* Pink Dandelion,2019-04-08 This book explores the inter relationship between religious groups and wider society and examines the way religious groups change in relation to societal norms potentially to the point of undergoing processes of internal secularisation within secular and secularist cultures Received sociological wisdom suggests that over time religious groups moderate their claims This comes with the potential loss of new adherents for theorists of secularisation suggest unique or universal rather than moderate truth claims appear attractive to would be recruits At the same time religious groups need to appear equivalent in terms of harmlessness to state sanctioned religious expression in order to secure rights Thus religious organisations face a perpetual conundrum Using British Quakers as a case study as they moved from a counter cultural group to an accepted and accepting part of twentieth and twenty first century society the author builds on models of religion and non religion in terms of flows and explores the consequences of religious assimilation when the process of constructing both distinctive appeal and harmlessness in pursuit of rights is played out in a secular culture A major contribution to the sociology of religion *The Cultivation of Conformity* presents a new theory of internal secularisation as the ultimate stage of the cultivation of conformity and a model of the way sects and society inter relate *Analytical Digest of All the Reported Cases Determined in the House of Lords, &c* Samuel Bealey Harrison,1846 *Protest, Power, and Change* Christopher Kruegler,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company *The Quakers* Alfred Neave Brayshaw,1927 **The English Reports: Crown cases (1743-1865)** ,1926 **A History of the Quakers in Wales and Their Emigration to North America** Thomas Mardy Rees,1925 **Forms and Precedents of Pleadings and Proceedings in the High Court of Chancery** Edmund Robert Daniell,Leonard Field,Edward Clennell Dunn,John Biddle,1871 **Miantonimo** Robert Boodey Caverly,1884 **Battle of the Bush** Robert Boodey Caverly,1884 **Life of George Cadbury** Alfred George Gardiner,1923 **Spiritual Guidance in the Experience of the Society of Friends**
