Leiter, 2010-05-01 Andrew B Leiter presents the first book length study of the sexually violent African American man or black beast as a composite literary phenomenon According to Leiter the black beast theme served as a fundamental link between the Harlem and Southern Renaissances with writers from both movements exploring its psychological cultural and social ramifications Indeed Leiter asserts that the two groups consciously engaged one another s work as they struggled to define roles for black masculinity in a society that viewed the black beast as the *raison d tre* for segregation Leiter begins by tracing the nineteenth century origins of the black beast image and then provides close readings of eight writers who demonstrate

the crucial impact anxieties about black masculinity and interracial sexuality had on the formation of American literary modernism James Weldon Johnson's *The Autobiography of an Ex-Colored Man* Walter White's *The Fire in the Flint* George Schuyler's *Black No More* William Faulkner's *Light in August* Margaret Mitchell's *Gone with the Wind* Allen Tate's *The Fathers* Erskine Caldwell's *Trouble in July* and Richard Wright's *Native Son* as well as other works provide strong evidence that perceptions of black male sexual violence shaped segregation protest traditions and the literature that arose from them. Leiter maintains that the environment of southern race relations which allowed such atrocities as the Atlanta riot of 1906 numerous lynchings Virginia's Racial Integrity Act and the Scottsboro trials influenced in part the development of both the Harlem and Southern Renaissances. While the black beast image had the most pernicious impact on African American individual and communal identities he says the threat of black masculinity also shaped concepts of white national and communal identities as well as white femininity and masculinity. In the *Shadow of the Black Beast* signals a fresh interpretation of a literary stereotype within its social and historical context. *Wallace's Farmer*, 2013 **Black Power in the Belly of the Beast** Judson L. Jeffries, 2006 The first serious study of the diverse organizations associated with the resurgence of Black nationalism in the 1960s **Brands and Their Companies**, 2007 *The Lost Faction* Alex K. Warren, 2018-12-11 After being jumped for taking a rival's girlfriend Max Washington discovers that he's not just another athlete aiming for stardom but he is also a wizard with the power to change the course of history. Having dashed his dreams to save his best friend Jason and allowing himself to be captured by the magical faction Antiqua Virtus Max finds there is another side to life one that recognizes his rare ability to help save two powerful sorceresses before the end of the world. Abebi a powerful seer from the city of Cotonou Benin and Linus an orphaned demigod from the streets of Nottingham England help to form a trifecta that is ready to go after the very evil that made their friends disappear **Max Brand** William A. Bloodworth, 1993 Discusses the life and work of Max Brand American writer of western stories **House of Rage and Sorrow** Sangu Mandanna, 2019-09-17 One kingdom One crown One family Maybe it's time the great House of Rey came to an end.
