**SPIN**, 2012-03 From the concert stage to the dressing room from the recording studio to the digital realm SPIN surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of SPIN pulsate with the energy of today's most innovative sounds Whether covering what's new or what's next SPIN is your monthly VIP pass to all that rocks

**'Rock On': Women, Ageing and Popular Music** Abigail Gardner, 2016-03-16 For female pop stars whose star bodies and star performances are undisputedly the objects of a sexualized external gaze the process of ageing in public poses particular challenges Taking a broadly feminist perspective Rock On women ageing and popular music shifts popular music studies in a new direction Focussing on British American and Latina women performers and ageing the collection investigates the cultural work performed by artists such as Shirley Bassey Petula Clark Madonna Celia Cruz Grace Jones and Courtney Love The study crosses generations of performers and audiences enabling an examination of changing socio historical contexts and an exploration of the relationships at play between performance strategies star persona and the popular music press For instance the strategies employed by Madonna and Grace Jones to engage with the processes and issues related to public ageing are not the same as those employed by Courtney Love or Celia Cruz The essays in this insightful collection reflect on the ways that artists and fans destabilise both the linear trajectories and the compelling weight of expectations regarding ageing by employing different modalities of resistance through persona re invention nostalgia postmodern intertextuality and even early death as the ultimate denial of age

**Structure and Evolution of Single Stars** James MacDonald, 2015-12-01 Structure and Evolution of Single Stars An introduction is intended for upper level undergraduates and beginning graduates with a background in physics Following a brief overview of the background observational material the basic equations describing the structure and evolution of single stars are derived The relevant physical processes which include the equation of state opacity nuclear reactions and neutrino losses are then reviewed Subsequent chapters describe the evolution of low mass stars from formation to the final white dwarf phase The final chapter deals with the evolution of massive stars

**Boganomics** E. Chas McSween, Enron Hubbard, 2011-10-25 The authorities on all things bogan and authors of THINGS BOGANS LIKE are back with an historical sociological geographic and cultural study that traces bogan culture back to society's very foundation Identifying prototypical and stereotypical bogans through time they examine the bogan of the 19th century and their pre war descendants before moving onto the specimen often considered the quintessential bogan identified by a love of 80s metal flannelette and Victoria Bitter They then track the bogan's leap into the 21st century where they can be seen across the country clad in garish garb holding their nationalism close to their chest and slavishly following every celebrity trend BOGANOMICS is an important book for all Australians as understanding is the bridge to unity Read this book to broaden your knowledge or to laugh a lot

*An Introduction to*

*Galaxies and Cosmology* David John Adams,2004-05-31 This introductory textbook has been designed by a team of experts for elementary university courses in astronomy and astrophysics It starts with a detailed discussion of the structure and history of our own Galaxy the Milky Way and goes on to give a general introduction to normal and active galaxies including models for their formation and evolution The second part of the book provides an overview of the wide range of cosmological models and discusses the Big Bang and the expansion of the Universe Written in an accessible style that avoids complex mathematics and illustrated in colour throughout this book is suitable for self study and will appeal to amateur astronomers as well as undergraduate students It contains numerous helpful learning features such as boxed summaries student exercises with full solutions and a glossary of terms The book is also supported by a website hosting further teaching materials

*Star Power* Aaron Barlow,2014-08-11 Stars do have real power but not all of them wield it wisely This work explores how a variety of celebrities developed their brands and how celebrity can become a jumping off point to entirely unrelated activities Over the past century a new breed of entertainer has arisen one where the old division between on camera talent and the suits behind the scenes has largely eroded From Mabel Normand and Charlie Chaplin to Lady Gaga and Quentin Tarantino entertainers have attempted to cross specialties and platforms to new arenas from politics to philanthropy and more An ideal resource for general readers as well as students of American popular culture and media at the undergraduate through scholar level *Star Power The Impact of Branded Celebrity* details the new ways entertainers are working in expanded environments to broaden their brands while also providing the history behind this recent trend The two volume set comprises four main sections one that provides historical background a second on entertainers moving beyond stardom a third focused on commerce and education and a final section on cultural missions The work documents how earlier entertainers set the stage for today's stars by exploiting their celebrity to take greater artistic control of their projects and provides articles that depict each artist from a number of perspectives Readers will understand what motivates the most important contemporary entertainers working today and better grasp the business of entertainment as a whole how Hollywood works and who is really in control
