Regimes Of Memory:

Regimes of Memory Katharine Hodgkin, Susannah Radstone, 2003-09-02 A focus on memory has come to prominence across a wide range of disciplines History literature philosophy anthropology and cultural studies have placed memory at the heart of their interrogations of subjectivity narrative time and imagination At the same time memory has emerged as a central theme and preoccupation in popular literature film and television and the emergence of memory as an academic theme cannot be separated from its prominence in the wider culture This volume represents explores and interrogates the current developments engaging directly with the place of memory in culture and with memory's meanings and history

Europeanisation and Memory Politics in the Western Balkans Ana Milošević, Tamara Trošt, 2020-10-15 This volume explores how the process of European integration has influenced collective memory in the countries of the Western Balkans In the region there is still no shared understanding of the causes and consequences of the Yugoslav wars The conflicts of the 1990s but also of WWII and its aftermath have created ethnically confined memory cultures As such divergent interpretations of history continue to trigger confrontations between neighboring countries and hinder the creation of a joint EU perspective In this volume the authors examine how these memory wars impact the European dimension by becoming a tool to either support or oppose Europeanisation The contributors focus on how and why memory is renegotiated exhibited adjusted or ignored in the Europeanisation process

Intersections of Law and Memory Mirosław Michał Sadowski, 2024-03-12 This book elaborates a new framework for considering and understanding the relationship between law and memory How can law influence collective memory What are the mechanisms law employs to influence social perceptions of the past And how successful is law in its attempts to rewrite narratives about the past As the field of memory studies has grown this book takes a step back from established transitional justice narratives returning to the core sociological philosophical and legal theoretical issues that underpin this field The book then goes on to propose a new approach to the relationship between law and collective memory based on a conception of legal institutions of memory It then elaborates the functioning of such institutions through a range of examples taken from Japan Iraq Brazil Portugal Rwanda and Poland that move from the work of international tribunals and truth commissions to more explicit memory legislation The book concludes with a general assessment of the contemporary intersections of law and memory and their legal institutionalisation This book will be of interest to scholars with relevant interests in the sociology of law legal theory and international law as well as in sociology and politics

On Memory Doron Mendels, 2007 The book consists of 16 case studies on issues relating to memory the majority of which stem from a conference in April 2005 at the Institute of Advanced Studies at the Hebrew University of Jerusalem Public memory is tackled from a variety of angles and various disciplines ranging across the humanities the social sciences and the exact sciences First and foremost the reader will obtain a comprehensive overview of the results of scholarship published in recent years about public memory Second the book provides a profound insight into how public

memory works within societies of different nature and at different junctures of their histories The volume begins by offering a glimpse into individual memory and then goes on to discuss religious societies ethnic groups secular groups institutions and larger segments of society ultimately reaching the nation state The authors each in his or her own discipline have addressed the complexities involved in the creation of public memory the media that promote and preserve it within groups and societies and finally the nature of memory and how it behaves during changing circumstances and changing regimes

Reading War, Making Memory Tea Sindbæk Andersen, Jessica Ortner, Fedja Wierød Borčak, 2015-11 A clarifying analysis of how authors from Bosnia Herzegovina translate and transmit the memory of the Bosnian War into their fiction *Reading War Making Memory* spotlights a vital new framework for understanding the impact of conflict upon diasporic literature from the region of the former Yugoslavia mnemonic migration **Whose Memory? Which Future?** Barbara

Törnquist-Plewa, 2016-04-01 Scholars have devoted considerable energy to understanding the history of ethnic cleansing in Europe reconstructing specific events state policies and the lived experiences of victims Yet much less attention has been given to how these incidents persist in collective memory today This volume brings together interdisciplinary case studies conducted in Central and Eastern European cities exploring how present day inhabitants remember past instances of ethnic cleansing and how they understand the cultural heritage of groups that vanished in their wake Together these contributions offer insights into more universal questions of collective memory and the formation of national identity **Recovering**

Memory Hedda Friberg, Hedda Friberg-Harnesk, Irene Gilsenan Nordin, Lene Yding Pedersen, 2007 Various ways of collecting storing and recovering memories have been the focus of the most recent joint research project carried out by a group of Irish Studies scholars all based in the Nordic countries and members of the Nordic Irish Studies Network NISN The result of the project *Recovering Memory Irish Representations of Past and Present* is a collection of essays which examines the theme of memory in Irish literature and culture against the theoretical background of the philosophical discourse of modernity

Offering a wide range of perspectives this volume examines a plurality of representations past and present of memory both public and private and the intersection between collective memory and individual in modern Ireland Also explored is the relation between memory and identity national and private as well as questions of subjectivity and the construction of the self Given Ireland's tragic past and its long history of colonisation it is inevitable that various aspects of memory in terms of nationality post colonialism and politics also have bearing on this study The volume is divided into five sections each of which examines one broadly defined aspect of memory The introductory section focuses on memory and history and is followed by sections on memory and autobiography place identity and memory in the work of novelist John Banville Within each section the individual writers engage in a fruitful dialogue with each other and with the approaches of such theorists as Arendt Husserl Merleau Ponty Ricoeur and Baudrillard *Encyclopedia of Philosophy and the Social Sciences* Byron

Kaldis, 2013-03-07 This encyclopedia magnificently edited by Byron Kaldis will become a valuable source both of reference

and inspiration for all those who are interested in the interrelation between philosophy and the many facets of the social sciences A must read for every student of the humanities Wulf Gaertner University of Osnabrueck Germany Byron Kaldis Encyclopedia of Philosophy and the Social Sciences is a triumph The entries are consistently good the coverage is amazing and he has managed to involve the whole scholarly community in this field It shows off the field very well and will be a magnificent resource for students and others Stephen Turner USF USA Like all good works of reference this Encyclopedia of Philosophy and the Social Sciences is not to be treated passively it provides clear and sometimes controversial material for constructive confrontation It is a rich resource for critical engagement The Encyclopedia conceived and edited by Byron Kaldis is a work of impressive scope and I am delighted to have it on my bookshelf David Bloor Edinburgh UK This splendid and possibly unique work steers a skilful course between narrower conceptions of philosophy and the social sciences It will be an invaluable resource for students and researchers in either or both fields and to anyone working on the interrelations between them William Outhwaite Newcastle UK A work of vast scope and widely gathered expertise the Encyclopedia of Philosophy and the Social Sciences is a splendid resource for anyone interested in the interface between philosophy and the social sciences Nicholas Rescher Pittsburgh This encyclopedia is the first of its kind in bringing together philosophy and the social sciences It is not only about the philosophy of the social sciences but going beyond that it is also about the relationship between philosophy and the social sciences The subject of this encyclopedia is purposefully multi and inter disciplinary Knowledge boundaries are both delineated and crossed over The goal is to convey a clear sense of how philosophy looks at the social sciences and to mark out a detailed picture of how the two are interrelated interwoven at certain times but also differentiated and contrasted at others The Entries cover topics of central significance but also those that are both controversial and on the cutting edge underlining the unique mark of this Encyclopedia the interrelationship between philosophy and the social sciences especially as it is found in fresh ideas and unprecedented hybrid disciplinary areas The Encyclopedia serves a further dual purpose it contributes to the renewal of the philosophy of the social sciences and helps to promote novel modes of thinking about some of its classic problems The Encyclopedia of Philosophy and the Social Sciences edited by Byron Kaldis provides a unique needed and invaluable resource for researchers at every level Unique because nothing else offers the breadth of coverage found in this work needed because it permits researchers to find longer but also relatively brief clear but nonetheless expert articles introducing important topics and invaluable because of the guidance offered to both related topics and further study It should be the place that any interested person looks first when seeking to learn about philosophy and the social sciences Paul Roth UC Santa Cruz USA The Encyclopedia of Philosophy and the Social Sciences edited by Byron Kaldis covers an enormous range of topics in philosophy and the social sciences and the entries are compact overviews of the essential issues Harold Kincaid University of Alabama at Birmingham USA
