

A CHILD'S BOOK OF

Mountains and Volcanoes

by James V. Modler

The book cover features a stylized illustration of a mountain range. The foreground is dominated by dark, silhouetted mountain peaks. In the middle ground, a range of mountains is depicted with horizontal, terraced layers in shades of brown, orange, and red, suggesting geological strata. A river or stream flows through the valleys between these mountains. The background shows more distant, hazy mountain ranges under a pale, light blue sky. The overall style is reminiscent of mid-20th-century children's book illustrations.
