Edward Channing

Seducing The French:

Seducing the French Richard F. Kuisel, 1993 When Coca Cola was introduced in France in the late 1940s the country's most prestigious newspaper warned that Coke threatened France's cultural landscape This is one of the examples cited in Richard Kuisel's engaging exploration of France's response to American influence after World War II In analyzing early French resistance and then the gradual adaptation to all things American that evolved by the mid 1980s he offers an intriguing study of national identity and the protection of cultural boundaries The French have historically struggled against Americanization in order to safeguard Frenchness What would happen to the French way of life if gaining American prosperity brought vulgar materialism and social conformity A clash between American consumerism and French civilisation seemed inevitable Cold War anti Communism the Marshall Plan the Coca Cola controversy and de Gaulle's efforts to curb American investment illustrate ways that anti Americanization was played out Kuisel also raises issues that extend beyond France including the economic social and cultural effects of the Americanized consumer society that have become a global phenomenon Kuisel's lively account reaches across French society to include politicians businessmen trade unionists Parisian intelligentsia and ordinary citizens The result reveals much about the French and about Americans As Euro Disney welcomes travellers to its Parisian fantasyland and with French recently declared the official language of France to defend it from the encroachments of English Kuisel's book is especially relevant

France Timothy Baycroft, 2008-08-29 A variable volume in an important new series this effective book considers the way in which constructions of French identity have interacted with political contention The result is a valuable reading of French history from the Revolutionary period on Jeremy Black The Historical Association

Winning French Minds Denis Courtois, 2023-02-23 every chapter of Winning French Minds delivered something new not only because French language radio being a less frequented area of study but also due to the author's ability to tie these radio efforts to events surrounding the French people and events unfolding on the European geopolitical stage World War II Database World War II was very much a war of the radios A relatively new technology radio as a tool was exploited by all of the participants of the war to win the hearts and minds of the people and to steer public opinion The period 1940 to 1942 was the most volatile of the war with the Nazis capturing large parts of western Europe and dominating on the Eastern front At this time France was separated into two nominally independent zones and public opinion could easily have been swayed in favor of the New German Order This could have had potentially disastrous consequences for any future Allied attempt to liberate Europe and so the battle for French minds was launched using the new technology of radio This narrative of that campaign develops chronologically through a series of topics including major military incidents youth food family psychological warfare sports and work as presented by different radio stations in particular Radiodiffusion controlled by Vichy France Radio Paris controlled by the Nazis and the BBC offering a systematic comparative analysis of radio propaganda messages and building a vivid picture of the evolution of broadcasts in the context of the complex political

and social impact of the war on the French population Using original primary sources from archives in Britain and France broadcast recordings radio magazines and interviews conducted by British Intelligence with those arriving from France during the war this is a fascinating and unique insight into wartime radio propaganda from 1940 to 1942 **A History of Europe in the Twentieth Century** Eric Dorn Brose,2005 A new text for courses in 20th century European history this book is organised chronologically around major themes that emphasise not only political diplomatic history but also heavily integrate social cultural history **The French Regime in Wisconsin ...** Reuben Gold Thwaites,1902 The Rise and Fall of the French Romantic Drama Frederick William Marsden Draper,1923 **The French Regime in Wisconsin ... 1634-1760: 1634-1727** Reuben Gold Thwaites,1902 Vol III v 18 p 1 222 This volume traces the decline of French dominance of the fur trade region of the upper Great Lakes and the upper Mississippi from 1743 when the Sioux allied themselves with the Fox Mesquakie to 1760 when the British took control of Mackinac The third of three volumes this volume includes many documents that illuminate the role played by Wisconsin s various population groups and economic interests during the American Revolution An index appears at the end of the volume Unsettling French Algeria Benjamin P. Nickels,2007 **The Truth About French Women** Marie-Morgane Le Moel,2015-03-02 The Truth About French Women shows us that French women really are fascinating but not for the reasons you think French women have a mystique about them They have throughout the ages been considered by some as a species apart apparently flawless women for whom sex and sensuality are central to their identity But are French women really a model of elegance always perfectly dressed with designer clothes as the stereotype would have us believe Are they all intellectual classy creatures with a perfect waistline even if they eat croissants au beurre all day long Are they all sexually liberated wearing kinky lingerie and bedding other women s husbands seducing them with a bottle of champagne kept near the bed of course The Truth About French Women focuses on who French women really are and why they re more interesting than the clich s It calls on women throughout French history who have defied societal norms and created their own destiny French women who include heroines such as Jeanne d Arc the teenage girl who led the French army to success the legendary sans culottes who were instrumental during the French Revolution and Coco Chanel who not only built a fashion empire but also liberated women from the constraints of the corset allowing an unprecedented amount of physical freedom for the fairer sex It s also a study into the realities of everyday life for the contemporary French woman and how she interprets love art and politics **French-English and English-French Dictionary, Comprising All the Improvements of the Latest London and Paris Editions, with the Pronunciation of Each Word, According to the Dictionary of the Abbé Tardy** Abel Boyer,1881 A History of the United States Edward Channing,1917 Transition ,1927 Transition Eugène Jolas,1927 **A History of the United States: Federalists and Republicans, 1789-1815** Edward Channing,1917 *Quarterly Bulletin* Historical Society of Northwestern Ohio,1929 Sounding French Elizabeth Vihlen,2000 **French Politics, Culture and Society** ,2006

The French Revolution Nesta Helen Webster, 1919 Authorities consulted pages xi xiv
Raymond Leslie Buell, 1920

French Classics William Cleaver Wilkinson, 1900

Contemporary French Politics
