Midsummer Lightning:

Nobody's Nation Paul Breslin, 2009-02-15 Nobody's Nation offers an illuminating look at the St Lucian Nobel Prize winning writer Derek Walcott and grounds his work firmly in the context of West Indian history Paul Breslin argues that Walcott's poems and plays are bound up with an effort to re imagine West Indian society since its emergence from colonial rule its ill fated attempt at political unity and its subsequent dispersal into tiny nation states According to Breslin Walcott's work is centrally concerned with the West Indies imputed absence from history and lack of cohesive national identity or cultural tradition Walcott sees this lack not as impoverishment but as an open space for creation In his poems and plays West Indian history becomes a realm of necessity something to be confronted contested and remade through literature What is most vexed and inspired in Walcott's work can be traced to this quixotic struggle Linking extensive archival research and new interviews with Walcott himself to detailed critical readings of major works Nobody's Nation will take its place as the definitive study of the poet

Derek Walcott John Thieme, 1999-07-02 John Thieme here provides a comprehensive study of Derek Walcott's writing from its beginnings in the 1940s to his most recent work Walcott's poetry and drama are set against the background of various contexts and intertexts Caribbean European and other that have shaped him as a writer The book contains a broad overview of Walcott's career for students and readers coming to the work of the 1992 Nobel Laureate for the first time

The Golden Bough James George Frazer, 1922 The Golden Bough describes our ancestors primitive methods of worship sex practices strange rituals and festivals Disproving the popular thought that primitive life was simple this monumental survey shows that savage man was enmeshed in a tangle of magic taboos and superstitions Revealed here is the evolution of man from savagery to civilization from the modification of his weird and often bloodthirsty customs to the entry of lasting moral ethical and spiritual values
