Mikhail S Gorbachev:

Mikhail S. Gorbachev Strobe Talbott, Donald Morrison, 1988 A biography detailing how Gorbachev rises through the ranks of the Communist Party and becomes the leader of the Soviet Union **On My Country and the World** Mikhail Sergeevich Gorbachev, 2000 One of the most important and intriguing figures of the 20th century sheds light on Russia's 1917 revolution 1991 breakup and 21st century future *The Man who Changed the World* Gail Sheehy, 1991 Presents a candid study of Soviet leader Mikhail Gorbachev drawing on previously unavailable sources to describe his early life and his rise to political power **Mikhail Gorbachev** Mikhail Gorbachev, 2007-03-31 Mikhail Gorbachev is the man who changed everything It was Gorbachev's initiative that raised the Iron Curtain his actions that resulted in one of the era's most symbolic events the demolition of the Berlin Wall his reforms that set in train events leading to the fall of Communism Twelve years ago when Gorbachev came to power the globe was still divided into two armed camps one for each superpower as it had been ever since 1945 The Cold War dominated international politics from Angola to Afghanistan The man who became leader of the Soviet Union in 1985 was much younger than his predecessors yet there was little else to distinguish him from the stony faced apparatchiks waving from the Kremlin He seemed a model Communist ideologically committed to socialism raised wholly within the confines of the Party Yet Gorbachev realized that the system could not continue What was it about this man which enabled him to see so much more clearly than his colleagues Like most who start a revolution Gorbachev has been left behind No longer in power he has been forced to endure criticism from those wise after the event most notably Boris Yeltsin who became undisputed leader after the failed military coup that finally displaced Gorbachev from office In these memoirs Gorbachev reveals his feelings about the sad state of his country today He tells us of his childhood in the North Caucasus during the Second World War of coming to Moscow as a student and meeting Raisa Maksimovna of his glittering career as a Party functionary eventually becoming one of the most powerful men in the world This is a historical document of the first importance It is also a fascinating human story an insider's account of the events that we never dared believe could happen

Man Who Changed the World Mikhail Gorbachev, 1993-04-01 **On My Country and the World** Mikhail Gorbachev, 2019-12-24 Here is the whole sweep of the Soviet experiment and experience as told by its last steward Drawing on his own experience rich archival material and a keen sense of history and politics Mikhail Gorbachev speaks his mind on a range of subjects concerning Russia's past present and future place in the world Here is Gorbachev on the October Revolution Gorbachev on the Cold War and Gorbachev on key figures such as Lenin Stalin and Yeltsin The book begins with a look back at 1917 While noting that tsarist Russia was not as backward as it is often portrayed Gorbachev argues that the Bolshevik Revolution was inevitable and that it did much to modernize Russia He strongly argues that the Soviet Union had a positive influence on social policy in the West while maintaining that the development of socialism was cut short by Stalinist totalitarianism In the next section Gorbachev considers the fall of the USSR What were the goals of perestroika How did such

a vast superpower disintegrate so quickly From the awakening of ethnic tensions to the inability of democrats to unite to his own attempts to reform but preserve the union Gorbachev retraces those fateful days and explains the origins of Russia's present crises But Gorbachev does not just train his critical eye on the past He lays out a blueprint for where Russia needs to go in the twenty first century suggesting ways to strengthen the federation and achieve meaningful economic and political reforms In the final section of the book Gorbachev examines the new thinking in foreign policy that helped to end the Cold War and shows how such approaches could help resolve a range of crises including NATO expansion the role of the UN the fate of nuclear weapons and environmental problems On My Country and the World reveals the unique vision of a man who was a powerful actor on the world stage and remains a keen observer of Russia's experience in the twentieth century This anniversary edition features a new foreword by William Taubman award winning biographer of Khrushchev and Gorbachev

Mikhail Gorbachev, the Soviet Innovator Steven Otfinoski,1989 If there is one man responsible for the end of the Cold War and the fall of the Soviet system that man is Mikhail Gorbachev Yet in one of history's ironies Gorbachev wanted only to reform the USSR not destroy it And by the time he tried to rein in the changes he had begun he found himself no longer in control of his country or his fate

Memoirs Mikhail Sergeevich Gorbachev,1996 In these long awaited memoirs Mikhail Gorbachev looks back on a lifetime that mirrors the fate of the Russian people From the persecution of his family under Stalin to his first political steps to his extraordinary rise within the Communist Party Gorbachev recounts the events that led to his own disillusionment without which the eventual implosion of communism would not have taken place He casts an equally sharp eye on the policies of both past communist governments and present day reformers BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

openness of the Soviet Union to the West **Gorbachev's Gamble** Andrei Grachev,2018-03-12 Gorbachev's Gamble offers a new and more convincing answer to this question by providing the missing link between the internal and external aspects of Gorbachev's perestroika Andrei Grachev shows that the radical transformation of Soviet foreign policy during the Gorbachev

years was an integral part of an ambitious project of internal democratic reform and of the historic opening of Soviet society to the outside world Grachev explains the motives and the intentions of the initiators of this project and describes their hopes and their illusions He recounts the story of the internal debates and struggles in the Kremlin and behind the scene decisions that led to the Soviet withdrawal from Afghanistan the fall of the Berlin Wall the break up of the Warsaw Pact and eventually the demise of the Soviet Union itself The book is based on exclusive interviews with the leaders of the Soviet Union including Gorbachev personal notes and diaries of their assistants and advisers and transcripts of the discussions inside the Politburo and Secretariat of the Central Committee Together they constitute a multi voice political confession of a whole generation of decision makers of the Soviet Union that enables us better to understand the origin and the breathtaking trajectory of the events that led to the end of the Cold War and the unprecedented transformation of world politics in the closing decades of the 20th century
