Renaissance Thematic Unit Linda J. Larsen,1994 **Renaissance, Thematic Unit: Challenging** ,1994

Spenser's Allegory of Love James W. Broadus,1995 Spenser's Allegory of Love approaches the major characters in Books III IV and V of The Faerie Queene as fictional personages who function psychically according to Renaissance sexual psychology and physically according to Renaissance sexual physiology This approach enables readings of the quests in their own peculiar allegorical way as imitations of actions For each of the questers Britomart Florimell Scudamour and Timias union with a loved one is the goal and that goal is achieved however problematically in each of the quests When the interwoven quests which begin in Book III continue through Book IV and with Britomart's quest into Book V are separated out and explicated these three books of Spenser's Faerie Queene can be read so as to constitute a social vision Mice
