Plotinus G. R. S. Mead, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work [Heidegger's Alternative History of Time](#) Emily Hughes, Marilyn Stendera, 2024-04-02 This book reconstructs Heidegger's philosophy of time by reading his work with and against a series of key interlocutors that he nominates as being central to his own critical history of time In doing so it explains what makes time of such significance for Heidegger and argues that Heidegger can contribute to contemporary debates in the philosophy of time Time is a central concern for Heidegger yet his thinking on the subject is fragmented making it difficult to grasp its depth complexity and promise Heidegger traces out a history that focuses on the conceptualisations of time put forward by Aristotle Plotinus Augustine Kant Hegel Bergson and Husserl an alternative history of time that challenges how time has been defined and studied within both philosophy and the sciences This book explores what happens when we take seriously Heidegger's claim that these seven figures are essential to any understanding of time setting out what this can tell us about existence possibility and philosophy as a historical discipline Heidegger's Alternative History of Time will appeal to scholars and advanced students working on Heidegger phenomenology the philosophy of time and the history of philosophy

God, Eternity and the Nature of Time Alan Padgett, 2000-06-16 This book

focuses on the timelessness of God providing a detailed analysis of the nature of time and eternity Padgett offers a biblical and historical survey of the doctrine of eternity rejecting both theories of eternity being both timeless and everlasting Padgett argues that traditionally the doctrine of absolute divine timelessness is not compatible with God's actions in the world God is in some sense temporal yet He is the ground of time the Lord of time and is relatively timeless *Heidegger, Neoplatonism, and the History of Being* James Filler, 2023-05-04 This book argues that Western philosophy's traditional understanding of Being as substance is incorrect and demonstrates that Being is fundamentally Relationality To make that argument the book examines the history of Western philosophy's evolving conception of being and shows how this tradition has been dominated by an Aristotelian understanding of substance and his corresponding understanding of relation First the book establishes that the original concept of Being in ancient Western philosophy was relational and traces this relational understanding of Being through the Neoplatonists Then it follows the substantial understanding of Being through Aristotle and the Scholastics to reach its crisis in Descartes Finally the book demonstrates that Heidegger represents a recovery of the original relational understanding of Being Numenius of Apamea, the Father of Neo-platonism Numenius, 1917
