

The book cover features a central illustration of a Native American woman, likely Pocahontas, sitting on a large, weathered log. She is dressed in traditional attire, including a dark, patterned tunic and a headband. The background is a dark, moody landscape with a large tree trunk in the foreground. The title 'The Pocahontas Journal' is written in a white, elegant serif font within a dark red oval frame. A decorative border with a repeating floral pattern runs vertically along the left edge of the cover.

Debating Disney Douglas Brode, Shea T. Brode, 2016-06-30 With stakes in film television theme parks and merchandising Disney continues to be one of the most dominant forces of popular culture around the globe Films produced by the studio are usually blockbusters in nearly every country where they are released However despite their box office success these films often generate as much disdain as admiration While appreciated for their visual aesthetics many of these same films are criticized for their cultural insensitivity or lack of historical fidelity In *Debating Disney Pedagogical Perspectives on Commercial Cinema* Douglas Brode and Shea T Brode have assembled a collection of essays that examine Disney s output from the 1930s through the present day Each chapter in this volume represents the conflicting viewpoints of contributors who look at Disney culture from a variety of perspectives Covering both animated and live action films as well as television programs these essays discuss how the studio handles social issues such as race gender and culture as well as its depictions of science and history Though some of the essays in this volume are critical of individual films or television shows they also acknowledge the studio s capacity to engage audiences with the quality of their work These essays encourage readers to draw their own conclusions about Disney productions allowing them to consider the studio as the hero as much as the villain in the cultural deliberation *Debating Disney* will be of interest to scholars and students of film as well as those with an interest in popular culture
