Collectors Paul Griner,2013-10-23 Collectors by critically acclaimed author Paul Griner is an exquisitely menacing story
of one woman s dangerous fascination with a seductive mysterious man At her cousin s wedding Jean Duprez an advertising
agency art director who specializes in effective but unsettling concepts for her clients meets a handsome stranger named
Steven Cain What follows is the story of a relationship so ominous and puzzling that the reader is drawn into the author s
designs as inevitably and as helplessly as Jean is drawn to Steven She seeks him out although he often seems indifferent to
her she disregards his disturbing personal history and she tells him about her own transgressions And so it becomes
intriguingly hard to say whether she is a possible victim of evil or has deliberately put herself in harm s way The story also

dramatizes the intricacies of collecting particularly the wary bargaining between seller and buyer In Paul Griner s hands this dance of flea market negotiation comes to seem nearly as sinister as the increasingly dark encounters between Jean and Steven One is a matter of guile and folly the other of life and death
