Knowing If It's the Real Thing Gerald Alper, 2004-11 In this exciting and original work Gerald Alper illuminates the crucial elements that together constitute intimacy Knowing If It's the Real Thing offers a radical departure from today's popular yet mythological belief that if two people stay together in an adaptive productive and moderately mutually enhancing way they will achieve the most a relationship can offer Some issues discussed in the book are the basic ingredients and rudimentary ground rules of postmodern intimacy how to discover the arena in which one feels most comfortable in expressing intimate feelings the many ways that sincere efforts to connect can completely misfire and how to build up defenses dodge self reproach and retain one's dignity and sense of trust following a serious break up **The Symptom Is**
