Paige Baty, 1995-08-15 A highly original work that is extremely important to the study of both culture and politics Demonstrating how the cultural icon of Marilyn Monroe provides the body politic in American mass mediated society Baty not only offers a provocative reading of the iconographic biographic cartographic and hagiographic modes in which Marilyn has been written by others but also gives us a novel theorization of how popular culture translates transforms and embodies the political sphere Vivian Sobchack author of *The Address of the Eye* Reborn on coffee cups T shirts and film footage in conspiracy theory biography and necrophilia the remembered fragments of Marilyn Monroe so Paige Baty shows make up

cult objects of our imagined community American Monroe is endlessly revelatory not only about the meanings of Marilyn but also about the nature of the common culture of the United States Mike Rogin author of Ronald Reagan The Movie In this original imaginative and innovative book Paige Baty asks and answers important questions about U S political culture by examining many mass mediated memories of Marilyn Monroe Baty uses our continuing national obsession with Monroe s life and death as a means of exploring the ways in which languages of belonging dominate our mass mediated political landscape She explores how iconic representations personal biographies conspiracy theories and anxieties about death shape the symbolic economy of American politics into what she calls the post mortem condition This important inquiry about collective memory mass media and political culture starts with the life and the mass mediated memory of one celebrity but it builds into a fascinating and persuasive general discussion about the nature of knowledge and the social production of the individual self in a world where mass mediated images and icons form the core of our collective consciousness George Lipsitz author of Dangerous Crossroads Popular Music Postmodernism and the Poetics of Place If U S culture cannot forget Marilyn Monroe readers of American Monroe will not be able to forget Professor Baty s elegant and provocative arguments Elvis Presley and Marilyn Monroe are both representative figures in U S cultural politics While his death is repetitively denied Elvis s living clones endlessly populate hotel conventions and tabloids But it is Marilyn s dissected body and haunting story of suicide that proliferate in the undead spaces of U S mass mediated culture In American Monroe Baty writes a haunting kind of political theory Her project probes the profusion of meanings associated with a cultural figure who is at the heart of contemporary crises in representation American Monroe is a book about cultural memory as political practice it is a work to remember Donna Haraway author of Simians Cyborgs and Women The Reinvention of Nature [Weekly World News](#) ,1992-09-29 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub [www.weeklyworldnews.com](#) is a leading entertainment news site

demise Unlike many other theories that attempt to solve the case by assigning blame to one individual or one group of people this book intertwines the characters in her life to show how they are all connected Just like a row of dominoes once the first domino falls it is inevitable that they will all fall What is left in the aftermath is an early end to a beloved movie star and a public that is duped into swallowing a false story that protects the guilty while reinforcing the perils of drug dependency and the Hollywood lifestyle *Weekly World News*, 1997-04-22 Rooted in the creative success of over 30 years of supermarket tabloid publishing the *Weekly World News* has been the world's only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site
