Reclaiming The Game:

Reclaiming the Game Clinton Ford, 2017-04-25 Thanks to an expansion of the College and Beyond database that resulted in the highly influential studies *The Shape of the River* and *The Game of Life* the authors are able to analyze in great detail the backgrounds academic qualifications and college outcomes of athletes and their classmates at thirty three academically selective colleges and universities that do not offer athletic scholarships They show that recruited athletes at these schools are as much as four times more likely to gain admission than are other applicants with similar academic credentials

Reclaiming the Game William G. Bowen, Sarah A. Levin, 2005-04-10 Arguing for reestablishing athletics as a means of fulfilling instead of undermining the educational missions of colleges and universities the authors offer a wake up call about the effects of athletic recruitment on education 54 line illustrations

Reclaiming the Game William G. Bowen, Sarah A. Levin, 2003 The authors wade through the sea of anecdotal and ultimately flawed evidence presented in other studies on the subject and offer their own scrupulously researched account of the recruitment process for college athletics serving up a disturbing portrait of young men and women who are played and ultimately failed by the system Education Justice and American Intercollegiate Athletics Daniel R. Gilbert Jr., 2025-09-03 This is a book about athletic competitors belonging to something larger than their accustomed and immediate pursuits The centerpiece of this book is an accomplishment of justice in the routine conduct of American intercollegiate athletics This accomplishment was a resilient assembly of intercollegiate athletic competitors who sustained bilateral playing relationships and concurrently ventured into playing relationships outside their circle This was a just arrangement because participants tolerated one another's separate pursuits while affirming that they belonged to enduring playing relationships They affirmed such belonging through their bilateral scheduling practices Evidence of this justice accomplishment is abundant in hundreds of schedules This book contains two historical narratives about connected competitors departing one another's company to travel distinctive pathways In both narratives athletic competitors reestablished playing relationships from which they had departed Through their acts of connection departure and reconnection these competitors joined to create enduring patterns of centered belonging And they did this as athletic competitors whose interests were directly opposed

Entering the Field Gary Armstrong, Richard Giulianotti, 1997-06 As the 1994 World Cup Finals in the United States clearly demonstrated football is the quintessential global game One of the world's most popular arenas for the expression of conflict and emotion it is virtually unparalleled as a site for cultural analysis Players officials supporters and commentators all have key roles in a social drama incorporating the deeply symbolic and ritualistic A powerful vehicle for ideals of masculinity football also offers penetrating insights into the iconography of the body manifestations of rivalry and conflict discourses of knowledge expressions of *communitas* and *geo-social* belonging the celebration and denigration of the Other and the inversion of power hierarchies through carnival In bringing these themes together this accessible and absorbing book by leading scholars of sport and leisure reveals football's

differing meanings across cultures It will be of interest to students and scholars in cultural studies anthropology sports sciences and more simply to anyone with a passion for this global game [The Journal of College and University Law](#) ,2003 [Academe](#) American Association of University Professors,2004 [Official Gazette of the United States Patent Office](#) United States. Patent Office,1906 [Understanding Games and Game Cultures](#) Ingrid Richardson,Larissa Hjorth,Hugh Davies,2021-03-24 Digital games are one of the most significant media interfaces of contemporary life Games today interweave with the social economic material and political complexities of living in a digital age But who makes games who plays them and what how and where do we play This book explores the ways in which games and game cultures can be understood It investigates the sites genres platforms interfaces and contexts for games and gameplay offering a critical overview of the breadth of contemporary game studies It is an essential companion for students looking to understand games and games cultures in our increasingly playful and gamified digital society **The Routledge Handbook of Nostalgia** Tobias Becker,Dylan Trigg,2024-08-21 The Routledge Handbook of Nostalgia serves as a guide to the complex and often contradictory concept of nostalgia as well as the field of nostalgia studies more broadly Nostalgia is an area of intense interest across several disciplines as well as within society and culture more generally This handbook brings together an international interdisciplinary team of researchers to survey the current landscape and identify common trends achievements and gaps in existing literature Comprising 45 chapters the volume covers the following topics Disciplinary perspectives of nostalgias including philosophy history literature and psychology Conceptual aspects of nostalgia including homesickness temporality affectivity and memory Historical and political dimensions such as afro nostalgia populism feminism and queer nostalgia Spatial and material aspects of nostalgia including ruins regionalism and objects Media related nostalgia such as analogue and digital nostalgia reboots revivals gaming and graphic novels Essential reading for students and researchers working in nostalgia studies this book will also be beneficial to related disciplines such as philosophy anthropology geography history and literature cultural media heritage museum and film studies courses and more generally for readers interested in how the past is represented and used in the present [Missouri Game and Fish News](#) ,1925 [Currents](#) ,2003 [Ludic Inquiries Into Power and Pedagogy in Higher Education](#) Amelia Walker,Helen Grimmett,Alison L. Black,2024-08-30 This book interrogates the role games and playfulness bear in both formal education and informal social learning Responsive to contemporary social and ecological challenges this book especially explores games interactions with social power On one hand games sometimes operate to reinforce ideologies that normalise social injustice and environmental disregard On the other games offer rich possibilities for questioning such ideologies and encouraging change Strongly interdisciplinary the book assembles 20 chapters written by 50 experts across fields including education game design cultural studies sociology Indigenous studies disability studies queer studies STEM legal studies history creative writing visual arts music the creative industries and social inclusion These contributions not only make games a focus but

incorporate playful research writing strategies demonstrating methods of what we term ludic inquiry This includes chapters written using arts based research practice led research poetic inquiry narrative inquiry autoethnography duoethnography and more Organised across four themes philosophical sparks lived experiences pedagogical perspectives and the spirit of play this book emphasises the radical egalitarian possibilities inherent in critical attention to games and how we play or get played by them Its fresh insights will interest all readers interested in creatively remaking our worlds Symposium ,2004
