Reconstructing Public Reason:

Reconstructing Public Reason Eric MacGilvray, 2004-12-30 MacGilvray argues that we should shift our attention away from the problem of identifying uncontroversial public ends in the present and toward the problem of evaluating potentially controversial public ends through collective inquiry over time **Public Reason and Applied Ethics** Adela Cortina Orts, Domingo García Marzá, Jesús Conill Sancho, 2008 Examining the theoretical and empirical status of applied ethics this volume demonstrates how a pluralistic and democratic society can deal with ethical issues in the light of its moral conscience

Public Reason Fred D'Agostino, Gerald F. Gaus, 1998 The essays that make up this volume explore the idea of public reason The task of identifying a distinctively public reason has become pressing in our deeply pluralistic society just because doubt has arisen whether what is good reasoning for one must be good reasoning for all Examining the theories of Hobbes and Kant and also using more recent work such as the comments and theories of John Rawls and David Gauthier this book explores aspects of the idea of public reason It explains public reason and discusses areas such as pluralism reasonable disagreement moral conflict political legitimacy public justification and post modernism Choice, 2005 The Winding-up of Companies and Reconstruction Alfred Charles Richard Emden, 1905 **Social Reconstruction** John Augustine Ryan, 1920 *Decisions of the Public Service Commission of the Commonwealth of Pennsylvania* Pennsylvania Public Utility Commission, Pennsylvania. the democratic vision and examines the complementary philosophy of a Dewey inspired pragmatism This is followed by an examination from a pragmatic perspective of the dominant theories of analytical jurisprudence in both their positivist and naturalist forms He emphasizes the contested concepts of truth facts and law morality relation and explores what a more uncompromising democratic pragmatic agenda for law and legal theory would entail The Author s intent is to contribute to the shift away from a technical and elite philosophical approach to jurisprudence to a more democratic engagement It advances and follows through on the critical claim that there is no position of theoretical or political innocence Like the law it seeks to illuminate legal theory must recognize its own political and social setting as well as its own responsibilities Moreover whatever else democracy might entail or imply it opposes elite rule whether by autocrats functionaries or theorists however enlightened or principled their proposals or interventions may be authority must come from below not above
