What Is the Bible? Matthew Baker, Mark Mourachian, 2016-04-01

The patristic doctrine of Scripture is an understudied topic Recent scholars however have shown considerable interest in patristic exegetical strategies and methods from rhetoric and typology to theory and method far less attention though has been paid to the early Christian understanding of the nature of Scripture itself This volume explores the patristic vision of the Bible the understanding of Scripture as the word of life and salvation the theological liturgical and ascetical practice of reading and is anchored by keynote essays from Fr John McGuckin Paul Blowers and Michael Legaspi The purpose is to reopen a consideration of the doctrine of Scripture for contemporary theology rooted in the tradition of the Church Fathers Greek Latin and Oriental an endeavor inspired by the theological vision of the twentieth century's foremost Orthodox Christian theologian Fr Georges Florovsky Our interest is not in mere description of historical uses of Scripture or interpretive methods but rather in the very nature of Scripture itself and its place within the whole economy of creation revelation and salvation

Louis Auchincloss Carol W. Gelderman, 1993 Of all our novelists Gore Vidal has observed Louis Auchincloss is the only one who tells us how our rulers behave in their banks and their boardrooms their law offices and their clubs One reason of course is that few other American novelists have been able as Auchincloss has to observe America's privileged class from the inside Indeed he has led a fascinating double life On the one hand he is a Wall Street lawyer and a public symbol of New York's old money aristocracy On the other he has devoted a long literary career to an unsparing scrutiny of that world a scrutiny he pursued undeterred even when he knew his portrayals were startling or outraging his peers Raised by a sternly traditional father and an unusually sensitive bookish mother young Louis Auchincloss absorbed all the precepts of his class at boarding school and at Yale For years he was torn between his urge to write and his sense that he was destined and expected to follow his father's path to Wall Street His greatest struggle and perhaps his greatest

accomplishment was to reconcile those two impulses becoming a prominent attorney as well as a prolific author His dozens of critically acclaimed books include the best selling novels Portrait in Brownstone The House of Five Talents and The Rector of Justin as well as works on French history and New York s Gilded Age Carol Gelderman writes perceptively of Louis Auchincloss s fiction a body of work that establishes him as our greatest novelist of manners since Edith Wharton This is much more however than a literary study It takes us into the corridors of some of America s most powerful yet least publicized institutions from the Groton School to Sullivan and Cromwell And it shows how against considerable odds one writer carved a niche where a memorable literary talent could flourish BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved [Louis Auchincloss](#) Louis Auchincloss,1993-04 Three distinguished novels from a master of American fiction The Rector of Justin The House of Five Talents and Portrait in Brownstone illustrate the author s knowledge of high society and his attention to detail provided by Goodreads **The Catholic Directory, Almanac and Clergy List** ,1901 **Hoffmann's Catholic Directory, Almanac and Clergy List** ,1905
