Red Fox:

Foxes M. Martin, 2015-05-12 The Red Fox is just one of several different types of true foxes in the world They have the most numbers and they can be found in almost every continent of the world from the deserts to the polar regions Red Foxes belong to the dog family like the wolf but smaller than the wolf There are a lot of other types of true foxes and other types of fox like animals that are not classified as true foxes Red foxes are called such because of their color Their physical features include short ears long legs and they are known to have very bushy tails Their tails are used to communicate with each other and to give them perfect balance Read this book to learn more amazing facts about the red fox There are interesting things to know about what they eat their hunting styles and their family life Many of the questions you have about red foxes will be answered Questions like Where do they live Are they social animals like wolves who belong to a pack How do they take care of their young What are the other different types of foxes What are vulpes What are their predators This book also contains more than 20 beautiful photos of the red fox in its environment These pictures will help children have a good image of what the red fox is like and it will help them to appreciate this animal more

Red Fox J. David Henry, 2013-04-09 In this engaging introduction to the red fox *Vulpes vulpes* J David Henry recounts his years of field research on this flame colored predator With its catlike whiskers teeth and paws as well as vertical slit pupils the North American red fox not only resembles but often behaves like a feline especially when hunting Probing the reasons for these similarities Henry reveals the behavior and ecology of a species that thrives from the edge of suburbia to the cold northern tundra

[The Secret Life of the Red Fox](#) Laurence Pringle, 2021-12-07 This gorgeous and lyrical picture book follows a year in the life of a red fox named Vixen Kids will learn about a common backyard neighbor as they read how Vixen finds food hunts escapes threats finds a mate and raises her kits all the way to the day that she and her mate watch their kits head off to lead their own secret lives Stunning realistic illustrations celebrate the beauty of these mysterious creatures as readers learn important facts through an engaging and fascinating story The book also includes back matter with more in depth information a glossary and further resources

[Vulpes, the Red Fox](#) Jean Craighead George, John Lothar George, 1996 Follows the life of a red fox from his birth in a Maryland den through his growth to maturity to his eventual encounter with a determined hunter

Red Fox Running Eve Bunting, 1993 A spellbinding picture book that evokes the natural world with breathtaking clarity The simple lyrical narrative describes a red fox's hunt as he brings food to his mate and cubs Spectacular full color spreads capture the beauty of a snow covered New England landscape

Amber Shirley E. Woods, 2004 For the first month of her life Amber lives only in the den she shares with her four brothers When at last they are ready to leave the den in late spring Amber and the other kits overcome their fears quickly In no time they are tumbling over each other in their eagerness to explore the delights of the world above But playtime will soon be over As the summer flies by Amber's parents teach the lessons that are crucial to their survival Foxes have many enemies and they must learn to outwit foes stronger and faster than they are By fall

Amber's parents have left and her brothers have gradually gone their separate ways Amber still has much to learn Driven by hunger and fear she will use every instinct and intelligence she possesses to feed herself and stay safe One day she will be ready to find a mate and raise a family of her own

The Wild Mammals of Missouri Charles Walsh Schwartz, Elizabeth Reeder Schwartz, 2001 Prepared by two of Missouri's most distinguished conservationists The Wild Mammals of Missouri has been the definitive guide to mammals of this state for over forty years Now the University of Missouri Press is pleased to release an updated edition revised by Elizabeth R Schwartz reflecting the changes in Missouri's mammalian fauna and including the latest taxonomic revisions Maintaining the original's successful format and the language that made the book accessible to both professional and lay readers the revised edition incorporates throughout new knowledge of the various species of mammals of Missouri Most notable is the addition of a new resident species the nine banded armadillo Several other taxonomic and distributional changes are reflected and the range maps have been revised to show significant changes Charles Schwartz's meticulously rendered drawings capture the spirit of his subjects while remaining technically accurate These drawings range from fully rendered portraits to illustrations of dentition and skulls tracks and other identifying characteristics to vignettes showing the mammals engaged in characteristic behaviors Also included in this volume are discussions of all biological and ecological aspects of the mammals including distribution and abundance habitat and home habits food reproduction adversities faced and conservation and management concerns The Schwartzes lifelong dedication to state and national conservation and their vast biological knowledge are apparent throughout the pages of this attractive reference guide People of all ages and backgrounds will find The Wild Mammals of Missouri an invaluable guide to the study of Missouri's mammals
