Red River:

History of the Red River Valley, Past and Present ,1909 **The Red River in Southwestern History** Carl Newton Tyson,2015-07-15 In *The Red River in Southwestern History* Carl Newton Tyson traces the river's history from the time of early Spanish and French explorers to the present day leading his readers to a new appreciation of the river and the region. From the Staked Plains of the Texas Panhandle the river flows down to buffalo and prairie dog country and through the Cross Timbers. It continues eastward to the Great Bend and through the cypresses of Louisiana's bayou country joining the Mississippi River south of Natchez. Whereas the Red River was a source of water to the Spaniards as they searched for gold at Natchitoches, French trader Louis Juchereau de St Denis traded with the Caddo Indians. Conflicts soon developed between French traders and Spaniards in Texas as they competed for land along the Red. Years later the Red River featured again as part of the settlement in the 1819 Adams-Onís Treaty negotiated by Spanish minister Luis de Onís y Gonzales and U.S. secretary of state John Quincy Adams which finally brought to an end the western boundary disputes between Spain and the United States lingering since the 1803 Louisiana Purchase. In 1852 Randolph Marcy discovered the source of the Red River a mountain rivulet cutting a deep canyon through the Staked Plains. Marcy's testimony in the Greer County border dispute between Oklahoma and Texas was key to the U.S. Supreme Court decision favoring Oklahoma. In the decades between 1930 and 1970 dams were built along the Red by the U.S. Corps of Engineers to control floods generate electricity and create lakes for recreation along the Oklahoma Texas border.

Red River Tim I. Purdy,2012 This is the second installment of this series exploring the history of the Red River Lumber Company's operations at Westwood, CA. As the title infers the period from 1917-1928 were the golden years for the company.

Captain W. W. Withenbury's 1838-1842 "Red River Reminiscences" Jacques D. Bagur,2014-03-15 W. W. Withenbury was a famous river boat captain during the mid 1800s. In retirement he wrote a series of letters for the Cincinnati Commercial under the title *Red River Reminiscences*. Jacques Bagur has selected and annotated 39 letters describing three steamboat voyages on the upper Red River from 1838 to 1842. Withenbury was a master of character and incident and his profiles of persons including three signers of the Texas Declaration of Independence reflect years of acquaintance. The beauty of his writing ranks this among the best of the reminiscences that were written as the steamboat era was declining. Bagur is an expert on the Red River in the nineteenth century and it shows in this work. Informative and entertaining.

Randolph B. Mike Campbell author of *Gone to Texas: A History of the Lone Star State*. This will rank as a great assistance to researchers if anyone wants to attack history of the Red River again. Some of his in-depth research was fabulous.

Skipper Steely author of *Red River Pioneers* **Battles of the Red River War** J. Brett Cruse,2017-08-03 *Battles of the Red River War* unearths a long buried record of the collision of two cultures. In 1874 U.S. forces led by Col. Ranald S. Mackenzie carried out a surprise attack on several Cheyenne, Comanche and Kiowa

bands that had taken refuge in the Palo Duro Canyon of the Texas panhandle and destroyed their winter stores and horses After this devastating loss many of these Indians returned to their reservations and effectively brought to a close what has come to be known as the Red River War a campaign carried out by the U S Army during 1874 as a result of Indian attacks on white settlers in the region After this operation the Southern Plains Indians would never again pose a coherent threat to whites expansion and settlement across their ancestral homelands Until now the few historians who have undertaken to tell the story of the Red River War have had to rely on the official records of the battles and a handful of extant accounts letters and journals of the U S Army participants Starting in 1998 J Brett Cruse under the auspices of the Texas Historical Commission conducted archeological investigations at six battle sites In the artifacts they unearthed Cruse and his teams found clues that would both correct and complete the written records and aid understanding of the Indian perspectives on this clash of cultures Including a chapter on historiography and archival research by Martha Doty Freeman and an analysis of cartridges and bullets by Douglas D Scott this rigorously researched and lavishly illustrated work will commend itself to archeologists military historians and scientists and students and scholars of the Westward Expansion
