Reconstructing Desire:

Reconstructing Desire Jean Wyatt,1990 This provocative study explores the function of the unconscious in reading and creative processes The book asks if reading can change the reader and if women through reading can change the unconscious fantasy structures that govern desire Using models *Reconstructing Desire* Jean Wyatt,1990 *Reconstructing Desire* The Role of the Unconscious in Women s Reading and Writing **Metroimperial Intimacies** Victor Román Mendoza,2015-11-27 In *Metroimperial Intimacies* Victor Román Mendoza shows how America s imperial incursions into the Philippines fostered social and sexual intimacies between Americans and native Filipinos that along with representations of Filipinos as sexually degenerate were crucial to regulating both colonial subjects and gender norms at home **The Long Life** Helen Small,2010-09-16 *The Long Life* invites the reader to range widely from the writings of Plato through to recent philosophical work by Derek Parfit Bernard Williams and others and from Shakespeare s *King Lear* through works by Thomas Mann Balzac Dickens Beckett Stevie Smith Philip Larkin to more recent writing by Saul Bellow Philip Roth and J M Coetzee Helen Small argues that if we want to understand old age we have to think more fundamentally about what it means to be a person to have a life to have or lead a good life to be part of a just society What did Plato mean when he suggested that old age was the best place from which to practice philosophy or Thomas Mann when he defined old age as the best time to be a writer and were they right If we think as Aristotle did that a good life requires the active pursuit of virtue how will our view of later life be affected If we think that lives and persons are unified much as stories are said to be unified how will our thinking about old age differ from that of someone who thinks that lives and or persons can be strongly discontinuous In a just society what constitutes a fair distribution of limited resources between the young and the old How if at all should recent developments in the theory of evolutionary senescence alter our thinking about what it means to grow old This is a groundbreaking book deep as well as broad and likely to alter the way in which we talk about one of the great social concerns of our time the growing numbers of those living to be old and the growing proportion of the old to the young

Myth, Symbol, and Meaning in Mary Poppins Giorgia Grilli,2013-10-18 The *Mary Poppins* that many people know of today a stern but sweet loveable and reassuring British nanny is a far cry from the character created by Pamela Lyndon Travers in the 1930 s Instead this is the *Mary Poppins* reinvented by Disney in the eponymous movie This book sheds light on the original *Mary Poppins* *Myth Symbol and Meaning in Mary Poppins* is the only full length study that covers all the *Mary Poppins* books exposing just how subversive the pre Disney *Mary Poppins* character truly was Drawing important parallels between the character and the life of her creator who worked as a governess herself Grilli reveals the ways in which *Mary Poppins* came to unsettle the rigid and rigorous rules of Victorian and Edwardian society that most governesses embodied taught and passed on to their charges **Studies in Literature** ,1990 **University of Hartford Studies in Literature** ,1989 *Unsex'd Revolutionaries* Eleanor Rose Ty,Professor Department of English Eleanor Ty,1993-01-01 Using historical

and feminist psycho linguistic studies as a base Ty explores some of the complexities encountered in the writings of Mary Wollstonecraft Mary Hays Helen Maria Williams Elizabeth Inchbald and Charlotte Smith **Ice and Refrigeration** ,1908 *Industrial Refrigeration* ,1908 **Famous Last Words** Alison Booth,1993 Famous Last Words traces a broad historical transition from the 1840s to the 1980s from the more rigid dichotomy of the Victorian novel in which good women must marry and fallen women die to the more open alternatives of twentieth century fiction which sometimes permit the independent female protagonist to survive and occasionally allow alternative constructions of gender as well as plot Each essay treats a narrative novel novella or novel poem by a single author in light of conventions of closure and of gender in historical context The contributors recover forgotten texts revise our understanding of women writers once successful but now somewhat marginalized and give voice to cultural others Works by the already canonized George Eliot are reassessed and the representation of women in the canonical novels of male writers William Thackeray and Henry James is explored

Reconstructing the Classics Edward Bryan Portis,1994 Machiavelli and the Politics of Glory Political ambition provides the creative energy necessary for social adaptation Order may rest upon popular affirmation of conventional morality but it also depends upon the resourcefulness of politicians in circumventing these moral standards Hobbes and the Politics of Fear For the rational citizen public order is not simply the highest political priority if political stability is to be attained it must be the only political priority For the only meaningful political right is the right to live Locke and the Politics of Rights To be secure public authority must be based upon needs self evident to any rational person Politics must not be concerned with our highest ideals but only with interests we all have in common Constructive Narratives of American Culture and Identity Carol Carney,1997 *The Psychological Aspect of the Doctrines of Sin and Salvation* Inman L. Willcox,1910 *Barbara Pym* Anne M. Wyatt-Brown,1992 Whereas most literary biographies concentrate on the productive years of their subjects this book takes a wider view examining both the early influence of reading and the later effects of aging on Pym s creative development and on her career Combining psychoanalytic insights literary analysis and gerontological and writing theories Wyatt Brown provides a deeper understanding of Pym s work Reading Pym s novels in the context of her letters diaries and early manuscripts Wyatt Brown examines the forces that hindered Pym s early career and disrupted her success at midlife when she became discouraged by her inability to extend her readership Ironically in her last years ill health provided Pym with a new subject and unexpectedly salvaged her foundering career **Doris Lessing** Gayle Greene,1994 An original and compelling appraisal of this important international literary figure **Reconstructing Historical Memories** Richard Mason,Esmaeil Zeiny,2018 Foodculture Barbara Fischer,1999 The writers and artists in this anthology have addressed this question by taking a renewed interest in the symbolic value of food and eating as well as in the rituals of preparation and consumption In their interrogation of foodculture in art they investigate food in all it s materiality its social value and its power to transform our culture from the role of food in aesthetic concepts throughout history to modern concerns with global

food production and distribution Foodculture focuses on food as a site of negotiation in the relations between East and West between colonizer and colonized as well as in the formation of cultural and personal identity in an increasingly globalized world
