Congress, 1967 *The Reconstruction Amendments' Debates. Supplement*, 1967 **Reconstruction amendments' debates ...** VA Comm Constitutional Gov, *Supplement to The Reconstruction Amendments' Debates*, 1967 **Under Indictment** Angela A. Allen-Bell, 2024-07-31 Four years ago I set out to write a book that memorialized the change from non unanimous juries back to jury unanimity in Louisiana The ending was going to celebrate the death of Jim Crow juries Before the ink could dry on that project there were signs of Jim Crow lurking still This time it was not non unanimous juries It was the jury of twelve that we sought but it was not the jury box that we imagined Now the twelve jurors more often than not were all white People of color still even after the death of non unanimous juries were not experiencing the unique power that the jury box could grant them Accused people still weren't experiencing the full protections of the Sixth Amendment To do justice to the topic of Jim Crow juries or jury suppression the discussion must long predate non unanimous juries In fact it can't begin with juries at all By necessity the beginning has to be at the beginning at the point law and race were joined to create diminished procedural safeguards for those of color as well as different rights and different restrictions To be credible conversations about race and juries must always be anchored to this history This book does that work and in doing so establishes the jury as a specific site of systemic racism both for the accused person of color and for the juror or prospective juror of color After it assesses the impact of years of systemic inequities within the legal system The book illuminates a legal system that operates much like an assembly line It moves fast is solely interested in profits and production is automated and impersonal Specifically this book seeks to 1 aid the reader in viewing Louisiana's unanimous jury campaign in its racial and historical context 2 examine the historical connection between Black juror suppression and how it is bound up in the creation and perpetuation of race and supremacy 3 situate the jury at the center of a carceral state polluted with bias supremacy and racism as well as an urge to respond punitively to the most basic of human transgressions 4 help readers achieve a holistic and comprehensive view of Louisiana's legal system and the competing factors and interests that have shaped it and led to it becoming harmful to most who come in contact with it and 5 to awaken a desire for transformation *Race and the Making of American Liberalism* Carol A. Horton, 2005-09-08 *Race and the Making of American Liberalism* traces the roots of the contemporary crisis of progressive liberalism deep into the nation's racial past Horton argues that the contemporary conservative claim that the American liberal tradition has been rooted in a color blind conception of individual rights is inaccurate and misleading In contrast American liberalism has alternatively served both to support and oppose racial hierarchy as well as socioeconomic inequality more broadly Racial politics in the

United States have repeatedly made it exceedingly difficult to establish powerful constituencies that understand socioeconomic equity as vital to American democracy and aspire to limit gross disparities of wealth power and status Revitalizing such equalitarian conceptions of American liberalism Horton suggests will require developing new forms of racial and class identity that support rather than sabotage this fundamental political commitment The Reconstruction Amendments Kurt T.
