Roman Catholicism An Introduction:

Roman Catholicism Denise Lardner Carmody, John Carmody, 1990 Catholicism: A Very Short Introduction Gerald O'Collins, 2017-05-18 Despite a long history of external threats and internal strife the Roman Catholic Church remains a vast and influential presence in our modern world But what were its origins and how has it changed and adapted over the centuries After Pope Benedict XVI dramatically resigned in early 2013 the first Pope to resign since the fifteenth century and Pope Francis was elected many wondered what direction he would lead the Church in and whether the Church could modernise in the face of the demands of our world In this Very Short Introduction Gerald O Collins covers the history of the Catholic Church and considers some of the key issues facing Catholicism today such as the catastrophic revelations about clerical child abuse the impact of the growth of Islam and the destruction in the Middle East of ancient Christian church communities He also shows how Catholics are being increasingly challenged by an opposition between their traditional Christian values and rights which are endorsed by the secular world such as the right to physician assisted suicide or same sex marriage and considers the future for the largest and oldest institution in the world ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **An Introduction to Roman Catholicism** Enrique Fiesta, John Davidson, 2015-01-11 An Introduction to Roman Catholicism Table of Contents Introduction Essentials Chapter 1 The Creed Chapter 2 Sacraments Chapter 3 Catholic Traditions Conclusion Glossary of Terms Author Bio Publisher Introduction The purpose of this text is to present and defend the fundamental beliefs of the Roman Catholic faith from a Catholic perspective with an inviting and surprisingly affordable format Many people harbor gross misunderstandings of the Catholic religion due to misinformation and more likely than not a total misunderstanding of Catholic institutions and practices How and why an institution that has had as dramatic a role in the development of western civilization as the Catholic Church has come to be so entirely misunderstood and mischaracterized by non Catholics is beyond the scope of this text My hope is that this text dispels insubstantial notions held about the Catholic faith and replaces them with the factual information This text is a necessary corrective because it is difficult to articulate the motions and practices of faith to others especially if the others are aggressive and non receptive which is often the tone during interreligious dialogue Faith is often an organic and fluid motion on the part of the faithful Faith is a lived experience hence the phrase the life of faith The core beliefs of the Catholic faith are presented here in a manner accessible to Christians and non Christians alike I hope you approach this book with a spirit of open mindedness and a desire to learn It is my earnest desire that this book either deepens your faith and your understanding of the Catholic religion The Catholic faith has two sources of authority Sacred Tradition and Sacred Scripture The Catholic Church in order to present its teachings in an approachable format has

published a Catechism Consult the Catechism of the Catholic Church if you desire to explore anything presented in this book to a greater degree I intend to cite the Bible to provide an authoritative basis for the claims I make in this book The citations also allow the reader to research the claims for himself The Bible will be cited by book chapter and verse The Bible edition used in this text is The New American Bible *An Introduction to Catholicism* Lawrence S. introduction for young professionals with no specialized background in theology who are interested in learning more about Catholicism or as an introduction to Catholic theology It will also serve as a helpful text for theology courses in a university context As Fr White states in the book s introduction This is a book that offers itself as a companion I do not presume to argue the reader into the truths of the Catholic faith though I will make arguments My goal is to make explicit in a few broad strokes the shape of Catholicism I hope to outline its inherent intelligibility or form as a mystery that is at once visible and invisible ancient and contemporary mystical and reasonable
