Rawa Dolu Joanne Stephenson,1996 **The Sunuwar of Nepal and their Sense of Communication** Werner M. Egli,2014 This detailed study on the Sunuwar people one of the many indigenous peoples of Nepal is based on more than twenty years of ethnographic research The book starts with an account of the Sunuwar s indigenous notion of culture mukdum as expressed in social practice With reference to specific social fields a model of the Sunuwar person mainly used to grasp deviations from the ideal way of life is analyzed from the perspective of cultural psychology and the anthropology of the senses The study concludes with an analysis of healing rituals showing that their effect simultaneously results from the ancestral atmosphere produced by the shaman and a kind of domination free discussion among the ritual participants mainly taking place in the pauses of the ritual Thus the shamanic ritual is interpreted as a kind of mediation Series LIT Studies on Asia Asien Forschung und Wissenschaft Vol 6 Subject Asian Studies Anthropology Cultural Studies Psychology Religious Studies **Pieces of the Puzzle** Joanne W. Stephenson,2002 **Lost in Change** Svenja Kranich,Tine Breban,2021-06-15 While research on language change has formulated robust empirical generalisations about processes and motivations underlying the emergence and spread of linguistic elements their decline and loss is less well understood So far a systematic investigation into the processes and motivations of decline and loss in language change is lacking This book is a first step towards remedying this state of affairs It brings together a varied set of empirical investigations into decline and loss spanning morphology syntax and the lexicon in different languages Their authors apply diverse methodologies and represent different theoretical approaches On the basis of this broad span of studies authors and editors propose generalisations related to decline and loss and assess similarities and differences with processes and motivations of emergence and spread The book aims to inspire and provide hypotheses for further studies of decline and loss It will appeal to historical linguists and others interested in language change Publishers' Trade List Annual, 1999 R R Bowker Publishing,Bowker,1999-09
