High School of Commerce. English Department, 1922 Reading List Mount Holyoke College. English Department, 1945 *The College and Adult Reading List of Books in Literature and the Fine Arts* National Council of Teachers of English. Committee on College and Adult Reading List, 1962 The Best Book Recommendations Isabel Throckmorton, 2021-01-25 Book Clubs are great A Book Club serves many useful purposes First and most importantly it gives you access to credible information on titles that you might be interested in reading from people whose opinion you are likely to trust Second it is a great social tool a way to meet and interact with people who share a very prominent interest with you that of a shared respect for great works of literature Finally it also helps you populate your to read list and make sure that you always have a recommendation stored away in the back of your mind for a rainy day However in the times in which we live physical Book Clubs are not always accessible The Modern Day Book Clubs This book fills the void within its pages you can find book recommendations of three kinds If you are a casual reader you might want to start with the chapters that are dedicated to popular literature both fiction and non fiction If you are a more seasoned book aficionado and are looking for some deep cuts the chapters dedicated to obscure books are a great way to get started Finally the last chapter of this book is dedicated to wild card recommendations you can dip into it at any time and discover a book that might be a critics dream or an audience s pick a mammoth volume filled with dense meaning and allegory or a quick read that spent weeks and years on book lists everywhere but that might not have scored as highly with critics as the others elsewhere on this list In this volume you are given fortnightly book recommendations to tide you through an entire year Every book title comes with three important pieces of data the name of the author the year of publication and an average reader rating out of 100 These three are all you need to discover a potentially new great book this is all about

exploration I've made sure to give you more book recommendations for a fortnight than you can possibly finish reading this way you can use this book reading list year after year and become a true bibliophile Each book listed here has a rating out of 100 This is tallied from millions of other reader ratings and is an accurate assessment of how much you can expect to enjoy the book Each fortnight's recommendation set has a fairly large number of books in it depending on how much free time you have you might choose to read 1-3 of those books Two more pieces of information can help you shortlist the books you want to read in a given fortnight First I have added the suggested number of hours that I took to read each book in the list This does not necessarily mean that a big number of hours corresponds to a really long book I sometimes re-read a short book many times if it's really profound Remember your mileage may vary Finally for those of you that are into Numerology I have added a metric on the Lucky Number associated with each book I calculated that from the number of pages in my copy it took forever If your lucky number matches with a book in the list it might just be a sign from the heavens Happy Reading
