Pakistan Rasul Bakhsh Rais, 2017-08-30 *Imagining Pakistan* argues that the creation of Pakistan is a result of Muslim modernism in the Subcontinent as it defined the struggle for identity nationalism and empowerment of Muslim communities This modernist movement represented the ideals of inclusivity equal rights a liberal constitutional framework and a shared sense of political community among diverse ethnic and regional groups However while this modernity was the ideal of Pakistan s founders it faced resistance from Islamists obsessed with recovering a past legacy of lost Muslim glory A major threat to political modernism also came from the military that wanted to create a strong and secure Pakistan through controlled democracy Multiple interventions by the military and deviations from the foundational republican ideas left Pakistan in the rough sea of power struggles causing institutional decay and creating space for the rise of radical Islam *Imagining Pakistan* analyzes the institutional imbalance between the military and the civilian groups the idea of the security state and the Islamist social forces and movements that have been engaged in the politics of Islamic revival It argues that Pakistan s stability security and progress will depend on pursuing the path of political modernity Although the restoration of parliamentary democracy and the resilience of the Pakistani society are hopeful signs resolving the critical issues that Pakistan faces today will require consolidation of democracy better leadership and a moderate and modernist vision of both the state and the society *Recording for the Blind & Dyslexic, ...
