The Book of Jewel B.J. Wiley,2013-05-07 The Book of Jewel is a compilation of poetry comprised and inspired by lifes personal experiences through the eyes of this author alone These poems are based on sensitive views and opinions encouraged from within my my own life and some of the poems are based on sincere personal feelings Each individual has their own way of expressing themselves dependent on their own life s journeys and situations I found it quite simple to release my views to the paper which is incapable of rendering an instant opinion The basis of this book is to reach and hopefully inspire others to know and understand that you are not alone in lifes experiences It is not what happens in life it is how we deal with it personally and what we choose to believe in that will keep us in hope It is likely others have been in similiar positions and yet were reluctant to express themselves It is my desire that this book at the very least inspires others to think about their own situations and know that the hope belief and faith in God can deliver you from any situation It is my opinion to believe in anything else is pointless
