**Tempted Knights** V. R. Vogt, 2012-04-13 A Knight of the Alliance protecting humankind Michelangelo Rotolo Angelo has been slaying vampires for years Once a mortal but now a vampire he continues his journey with his three human comrades in search for the one who had infected him for revenge and with hopes of becoming a mortal again Their mission brings them to a little town where a beautiful female named Whitney Johnson captures Angelo's notice and his vampire heart as well But to his surprise she is no ordinary human and her life is certainly in danger because of it Running out of time can Angelo find a way to save the unaware Whitney from an unstoppable mystical creature If he fails she faces an excruciating and brutal death

*The Vapour That Vanishes* Kim Bluett, 2026-02-27 It's not easy to stand alone But it's harder to compromise your very essence striving for the unattainable approval and expectations of others The world will threaten mock and abuse to contain the free spirit Yet some people will not be cancelled cowed nor silenced And despite their vulnerability they seek authentic and transparent honesty whether the world likes it or not Through our tears and our laughter we each journey onward until it is over teaching learning from and inspiring one another by the telling of our stories

**The Vanishing at Smokestack Hollow** Jake Anderson, 2024-09-24 An immersive descent into one of the most mysterious and bizarre unsolved cases of this century Through extensive research personal interviews and exclusive evidence Anderson unearths the truth behind the disappearance of a loving plucky family that was gradually worn down warped by pain and pathology into a radicalized cell There's dark stuff up there sir You know that right Cults and such That's what Starlet Jamison told the Sheriff after her son and his family went missing On October 8th 2009 Bobby Jamison his wife Sherilynn and their six year old daughter Madyson set off for a drive from their home in Eufaula Oklahoma to the nearby Sans Bois Mountains They didn't return that day or the next A week later their truck was found abandoned on a mountain road Inside was their dog malnourished but alive the family's cell phones wallets and 32 000 in cash The ensuing eight month search was the largest in Oklahoma history but it yielded little evidence Online bloggers and web sleuths put forth dozens of theories fueled by the Jamisons strange trancelike behavior on a CCTV video Some claimed the family was abducted by white

supremacists or a religious cult In 2013 there was a tragic break in the case when deer hunters stumbled upon the skeletal remains of two adults and a child in the Smokestack Hollow area of Panola Mountain Forensic testing confirmed the Jamisons identities But the mystery was only beginning Had the Jamisons been planning to abandon their lives and raise Madyson alone in the wilderness and if so why What happened to the briefcase and handgun that Sherylynn was seen putting into the car And why were no arrests ever made Investigative journalist Jake Anderson draws on police notes interviews and exclusive evidence to piece together the Jamisons last days and weeks weaving together startling material with his own personal insights The story is one of dark paranoid obsessions but also of real malevolent forces residing in those shadowy mountains and a compulsively readable account of a true murder mystery whose chilling impact continues to be felt **My World**

MICHAEL JEAN NYSTROM-SCHUT,2004-05-19 Let me tell you how much fun it is to be a book writer One of my friends recently said to me I dont even know anyone whos ever READ a book let alone WRITE one I was amused Well you know its really not so hard to write a book You just talk about what you feel and organize your thoughts along the way At some point as you stay determined to make it happen the book comes into the world For me now having compiled over 30 book length manuscripts of various topics and subject matter I have become more and more inclined to share the way I see the world with others along the way You might call what I like to write about as having to do with personal philosophy or individual world view Everyone has a way they see their world this book is part of how I see mine It seems that all kinds of people have something to say about what life is and is not I am like most people so am no exception I have come to enjoy giving such opinions and points of view with just about anyone who will listen I wrote this book MY WORLD The First 50 Years because I wanted to be sure and document the way life appeared to be to me at the half century mark in my personal growth and evolution I did it in a way that enables you to read right through it or if you prefer you can take it slowly over a one year span of time and think about the ideas and thoughts carefully How you read the book is entirely up to you Ten years earlier I had written a similar book Earth Dwelling An Owners Manual for Life in order to share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share the way they see the world with others I have a passion to do that also and so I wrote this book in order to summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called HowIseetheworld.com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well At the Vanishing Point in History Marina F.
