## **Men Of Power:**

**Men, Power and Liberation** Amit Thakkar, Chris Harris, 2018-12-07 Each contribution to this book discusses key issues arising from the portrayal of men and the formation of masculine identities in a range of representative and landmark texts fictional and non fictional drawn from different historical periods and from various countries in the Hispanophone Americas There is an emphasis on the ways in which writers from Argentina Manuel Puig Chile the Spaniard Alonso de Ercilla y Ziga and the Chilean Nicolás Palacios Mexico Gustavo Sainz and Angeles Mastretta and the Hispanic USA Jennifer Harbury and Francisco Goldman have explored the themes of love friendship and trust and their transformative power for gender relations in situations and contexts where deception exploitation and oppression are often disturbingly present There is also a discussion of the applications insights and limitations of different theoretical frameworks and concepts relevant to the task of producing gendered readings including Connell's world gender order and hegemonic masculinity as well as the cult of virility as characterised by Still and Worton Chela Sandoval's decolonial love and methodology of the oppressed and Beasley Murray's posthegemony This book was originally published as a special issue of Iberian and Latin American Studies **(The daily Psalms, meditations, by the author of 'The daily round')**. Thomas Benson Pollock, 1894 **Men and Power** Joseph A. Kuypers, 1999 If there is any one concept that stirs the passions and actions of men as a gender power is the most likely candidate Seldom is powerlessness a preferred or admired quality in a man Yet power can be both a beacon to direct action and maintain order and a plague if frustratingly unattainable or glamorized and abused In the field of men's studies where men and women examine how gender organizes action and thought the role of power may never be settled How are men raised to relate to power and what are the consequences Is power assumed by virtue of genetics and biology is it culturally conferred or is it merely an illusion Does the belief that men are powerful serve a political agenda Do males experience power differently when viewed psychologically as opposed to power in a social setting By keeping control of power have men failed at the leadership demanded of those who possess power What is healthy power for men How do women interpret power How does the male perception of power lead to violent tendencies in some men These questions and many more are examined in **Men and Power** by leading experts in the field of gender identity The purpose of this inquiry is to move beyond the glib resignation that power corrupts to more precisely identify what men can do to transform their quest for power into a healthy benefit to the individual to relationships and to society Compelling topics such as sexuality intimacy equity male identity pornography and many others are explored in detail Contributors are Blye Frank Walter Isaac Michael Kaufman Christopher Kendall Michael S Kimmel John Stoltenberg Laurence Thomas Clark Wolf and Bert Young **The Rhetorlogue** John Demosthenes N.
