*Empires of Light* Jill

Jonnes,2004-10-12 The gripping history of electricity and how the fateful collision of Thomas Edison Nikola Tesla and George Westinghouse left the world utterly transformed In the final decades of the nineteenth century three brilliant and visionary titans of America s Gilded Age Thomas Edison Nikola Tesla and George Westinghouse battled bitterly as each vied to create a vast and powerful electrical empire In *Empires of Light* historian Jill Jonnes portrays this extraordinary trio and their riveting and ruthless world of cutting edge science invention intrigue money death and hard eyed Wall Street millionaires At the heart of the story are Thomas Alva Edison the nation s most famous and folksy inventor creator of the incandescent light bulb and mastermind of the world s first direct current electrical light networks the Serbian wizard of invention Nikola Tesla elegant highly eccentric a dreamer who revolutionized the generation and delivery of electricity and the charismatic George Westinghouse Pittsburgh inventor and tough corporate entrepreneur an industrial idealist who in the era of gaslight imagined a world powered by cheap and plentiful electricity and worked heart and soul to create it Edison struggled to introduce his radical new direct current DC technology into the hurly burly of New York City as Tesla and Westinghouse challenged his dominance with their alternating current AC thus setting the stage for one of the eeriest feuds in American corporate history the War of the Electric Currents The battlegrounds Wall Street the 1893 Chicago World s Fair Niagara Falls and finally the death chamber Jonnes takes us on the tense walk down a prison hallway and into the sunlit room where William Kemmler convicted ax murderer became the first man to die in the electric chair

**The Morals of Measurement**

Graeme Gooday,2004-04 *The Morals of Measurement* is a contribution to the social histories of quantification and electrical technology in nineteenth century Britain Germany and France It shows how the advent of commercial electrical lighting stimulated the industrialization of electrical measurement from a skilled labour intensive activity to a mechanized practice Challenging traditional accounts that focus on the metrological standards used in measurement this book shows the central importance of trust when measurement was undertaken in an increasingly complex division of labour Alongside ambiguities about the very nature of measurement and the respective responsibilities of humans and technologies in generating error free numbers the book also addresses controversies over the changing identity of the measurer through the themes of body gender and authorship The reader will gain fresh insights into a period when measurement was widely treated as the definitive means of gaining knowledge of the world

*Thomas Alva Edison* Michael Burgan,2006-07 Learn about the life of this American genius

**The Power Makers** Maury Klein,2010-09-01 The dramatic story of the power revolution that turned America from an agrarian society into a technological superpower and the dynamic fiercely competitive inventors and

entrepreneurs who made it happen a riveting historical saga to rival McCullough's *The Great Bridge* or Larson's *Thunderstruck* *Vinyl: A History of the Analogue Record* Richard Osborne, 2016-02-17 *Vinyl: A History of the Analogue Record* is the first in depth study of the vinyl record Richard Osborne traces the evolution of the recording format from its roots in the first sound recording experiments to its survival in the world of digital technologies This book addresses the record's relationship with music the analogue record was shaped by and helped to shape the music of the twentieth century It also looks at the cult of vinyl records Why are users so passionate about this format Why has it become the subject of artworks and advertisements Why are vinyl records still being produced This book explores its subject using a distinctive approach the author takes the vinyl record apart and historicizes its construction Each chapter explores a different element the groove the disc shape the label vinyl itself the album the single the b side and the 12 single and the sleeve By anatomizing vinyl in this manner the author shines new light on its impact and appeal **Lighting of New York City**

Francis Jehl, 1941 This three volume set records the day by day details of working at the restoration of the original Menlo Park laboratory in Greenfield Village Dearborn by Francis Jehl whom Edison referred to as one of my old associates and fellow workers The *Reminiscences* also include a list of the men who assisted in that great work at Menlo Park With hundreds of rare photographs this 3 volume set is historically fascinating scientifically stimulating and metaphysically enlightening as it depicts read how Edison conceived the idea of inventions and how he brought them into material existence
