Mental Alchemy B. Brown Williams, 2017-07-17 Excerpt from *Mental Alchemy A Treatise on the Mind Nervous System Psychology Magnetism Mesmerism and Diseases* It matters not if lecturers have presented the inferior departments of this subject in such a ridiculous light as to produce disgust It is still a truth and will remain so as long as man is in the possession of a nervous system and is dependent upon external nature for his vitality What others however have done and written is a matter between them and the public and they must stand or fall according as the strength of the platform which they have erected may be Without egotism on our part we would state that all the private classes we have ever taught have given us cards expressing their full satisfaction in every particular in the instructions received We have now in our possession the cards of more than a hundred classes some of which numbered from fifty to three hundred gentlemen among whom are many of the most learned men in the land All without an exception speak the same language in relation to the instructions and the philosophy advanced in support of the astounding phenomena exhibited Therefore if the science of mental alchemy is not true it certainly stands without a parallel in the history of the world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
