Quincy Market is One of the Most Important Historic Building Complexes in Boston ... Benjamin Thompson,1997

Boston's Historic Hub David Lyon,Patricia Harris,2021-08-01 What do the oldest black church in the country an Arts and Crafts style artists studio building a concrete football stadium and an acoustically perfect performance space have in common They are all National Historic Landmarks located in Boston In fact the city boasts more National Historic Landmarks per square mile than any other major city in the country Given Boston s long history and record of accomplishments it s really not surprising that 57 properties from the nation s oldest subway tunnel to a floating lighthouse have received this designation Add in the adjoining cities of Cambridge and Brookline and the number swells Historic Boston includes the most rewarding and easily visited landmarks That s a lot of history in 103 square miles The Secretary of the Interior designates the status of National Historic Landmark to places considered exceptional because of their abilities to illustrate U S heritage More simply put they are the places that resonate broadly with us that we cherish and want to pass on to future generations The list is surprisingly diverse In metro Boston it includes an historic church with a stunning collection of Tiffany windows a Transcendentalist community a Grand Banks schooner and the home and studio of landscape architect Frederick Law

Plymouth William Thomas Davis,1883 Historic Mansions and Highways Around Boston, Being a New and Revised Edition of "Old Landmarks and Historic Fields of Middlesex" Samuel Adams Drake,1904 Brief Reading List Boston Public Library,1930 Reconstructing Times Square Alexander J. Reichl,1999

When the big ball drops on New Year's Eve thousands are there to witness that great glittering sight while millions more watch on national television Times Square may be the cultural hub of America the Crossroads of the World but its lights have not always shone as brightly as they do now Once a glamorous theater district Times Square and 42nd Street had degenerated into a neighborhood known for the winos and sex shops of Midnight Cowboy until New York's business and arts communities stepped in These advocates of urban revitalization exploited cultural and historic preservation arguments to transform a low income entertainment district into a Disney fied tourist mecca Where Ratso Rizzo once kicked cars and hookers plied their trade Mickey Mouse now greets visitors from atop a Disney superstore surrounded by rising office towers theaters and theme restaurants all thanks to huge tax subsidies and government support Alexander Reichl tells the fascinating story of how cultural politics and economic greed transformed the city's physical and social environment with an ongoing multibillion dollar redevelopment program changing the district from a symbol of urban decline to one of urban renaissance He explains the political significance of the historic preservation and arts related approach to urban revitalization showing how it was used to appeal to the upscale values of middle class New Yorkers often hostile to urban renewal He also examines the role of the Walt Disney Company in the project and demonstrates its power to redefine a premier public space In telling the story of Times Square Reichl reveals much about politics and power at the city level and their relationship to the development of urban space He frames his lively narrative with an illuminating account of how historic preservation initiatives at all government levels have displaced large scale federal urban renewal programs as the dominant approach to urban development and he shows the importance of political discourse and cultural politics in mobilizing public support for urban redevelopment Now that it has been reconfigured for the 21st century Times Square provides a rich and multifaceted case for exploring the latest trends in urban renewal Yet Reichl suggests much that has happened here is regrettable the ousting of low income citizens to serve commercial interests the loss of a culturally diverse entertainment district and the failure to address persistent class and race based segregation in a central urban area By getting to the heart of the Great White Way Reconstructing Times Square provides an important look at urban renewal and politics in a changing America Boston Landmarks Mark Antony De Wolfe Howe,1946 Hornby's Etchings of the Great War Louis Arthur Holman,1921
