Kazuo Ishiguro Kristian Shaw, Peter Sloane, 2023-03-14 This is the first work of criticism to reappraise all of this leading transnational author's film television short fiction and novel writing following his award of the Nobel Prize in 2017. Comprising contributions from world leading Ishiguro scholars as well as new voices the collection offers chapters devoted to each of the major works each of which draws out thematic and stylistic connections with his body of work both literary and filmic. This timely study following the critical and popular success of his most recent fiction and his recognition by the Nobel committee is the only comprehensive study of an author at the forefront of world literature.
