Memory String:

The Memory String Eve Bunting, 2000-08-21 Each button on Laura's memory string represents a piece of her family history. The buttons Laura cherishes the most belonged to her mother: a button from her prom dress, a white one from her wedding dress, and a single small button from the nightgown she was wearing on the day she died. When the string breaks, Laura's new stepmother Jane is there to comfort Laura and search for a missing button, just as Laura's mother would have done. But it's not the same. Jane isn't Mom. In Eve Bunting's moving story, beautifully illustrated by Ted Rand, Laura discovers that a memory string is not just for remembering the past; it's also for recording new memories.
