

ANOTHER BOOK OF LASTING INTEREST

**A Treasury of  
ALBERT SCHWEITZER**

edited by THOMAS KIRKMAN

Collected here in a single volume are the most important philosophical writings of one of the greatest thinkers and humanitarians of our time. Carefully chosen from among his many written works, the selections contained in this anthology are so arranged as to illustrate and amplify Dr. Schweitzer's cardinal principle of total reverence for life.

One of Schweitzer's major essays, "Philosophy of Religion," appears here for the first time in English. Among other important and revealing works included are his "Pilgrimage to Humanity," which outlines his philosophy of culture, the early influences in his life, and his ideal of world peace; "The Light Within Us," which is one of this century's most significant and beautiful statements of one man's faith in his fellow man; and "Reverence for Life," which states, with utmost clarity and conviction, the essence of Schweitzer's wisdom.

Beyond his legendary fame as a medical missionary, other equally important and outstanding aspects of Schweitzer's life are set in our hands. Thus, it is the aim of this Treasury to present Albert Schweitzer as a creative thinker whose concern with the problems of the human spirit and whose methods of expressing his concerns have raised him to the status of one of the world's greatest philosophers.
