- Principle 1** Managers should **acknowledge** and actively **monitor** the concerns of all legitimate stakeholders, and should take their interests appropriately into account in decision making and operations.
- Principle 2** Managers should **listen** to and openly **communicate** with stakeholders about their respective concerns and contributions, and about the risks that they assume because of their involvement with the corporation.
- Principle 3** Managers should **adopt** processes and modes of behavior that are sensitive to the concerns and capabilities of each stakeholder constituency.
- Principle 4** Managers should **recognize the interdependence** of efforts and rewards among stakeholders, and should attempt to achieve a fair distribution of the benefits and burdens of corporate activity among them, taking into account their respective risks and vulnerabilities.
- Principle 5** Managers should **work cooperatively** with other entities, both public and private, to ensure that risks and harms arising from corporate activities are minimized and, where they cannot be avoided, appropriately compensated.
- Principle 6** Managers should **avoid altogether** activities that might jeopardize inalienable human rights (e.g., the right to life) or give rise to risks that, if clearly understood, would be patently unacceptable to relevant stakeholders.
- Principle 7** Managers should **acknowledge the potential conflicts** between (a) their own role as corporate stakeholders, and (b) their legal and moral responsibilities for the interests of stakeholders, and should address such conflicts through open communication, appropriate reporting, incentive systems and, where necessary, third-party review.

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
