Reflection And Beyond:

Reflections - Beyond Thought Susan Sosbe, 2014-02-28 Reflections Beyond Thought is a moving often amusing account of the author's personal journey. Struck by life-changing illness she fights all that challenges her until forced to surrender and in that moment to hear answers to her lifelong quest as she learns not only the nature of her own suffering but that of all mankind. The author reflects on more unusual events in her life. A profound spiritual experience whilst lost in the Norwegian mountains, the horrors and joys of giving birth in a public hospital in Kuwait and the isolation of the lonely seas whilst working as a ship's nurse are but a few seemingly spun by the hand of unseen forces to offer just another thread to the spiritual tapestry of life. Every story has its climax. Responding to an inexplicable moment of spontaneity the author moves from her Buckinghamshire home with all her animals to live in France. The real purpose of the relocation however is only revealed as its truth illumines in the stillness of the forest a story that will inspire and give hope to many.

Reflection and Beyond Blass, 1993-01-01 **Beyond the Bump** Sally Shepherd, 2019-09-03 The majority of baby books deal with the baby. Now it's time to turn our attention to the mums. Beyond the Bump is a thoughtful and practical guide that aims to help new mums feel calm confident and equipped to face the physical emotional and mental hurdles they may encounter post birth. Clinical psychologist Sally Shepherd understands that a healthy and happy parent is a baby's most important asset. But the first year postpartum can be very challenging. Women must grapple with a whole new existence and going from me to we can be terrifying for new mums. Sally hadn't expected to struggle during this time so it came as a big surprise when she did. As they say you don't know what you don't know and it turns out Sally didn't know much at all. She had more extensive training for her first job at KFC than she did for the job of being a mum. Beyond the Bump is a book that focuses on mothers. Sally has combined her personal and professional experiences along with clinical research to create this much needed resource. Covering rage relationships nutrition identity and returning to work it is a kind considered and essential companion for any new mum.
