Reflective Teaching James George Henderson, 2001 This successful book introduces current and future teachers to the concept of professional inquiry integrating five forms of it into their work to facilitate reflective democratic living that is rooted in the practice of a generative and generous intellect Its makes complex material understandable and inspires teachers to become forerunners in the movement that supports socially responsible professional inquiry The five forms of professional study are public moral inquiry multi perspective inquiry deliberative inquiry autobiographical inquiry and critical inquiry An accompanying effective inquiry model for each form encourages the

emulation of professional development success Vignettes and teacher stories help demonstrate how theory looks in practice For professionals in the field of education especially at the K 12 grade level **Reflective Teaching** Thomas S. C. Farrell,2013 Outlines four principles that take teachers from just doing reflection to making it a way of being Using the four principles Reflective Practice Is Evidence Based Reflective Practice Involves Dialogue Reflective Practice Links Beliefs and Practices and Reflective Practice Is a Way of Life Thomas Farrell provides a comprehensive overview of the concept of reflective practice and why it is important Reflective Teacher Education Linda Valli,1992-09-01 An increasing number of educators are arguing for conceptually sound reflective or inquiry oriented teacher education programs The argument is based on the fact that reflective teaching is possible and the belief that teachers should develop habits of consciously informed action Those who promote reflective teaching argue for teacher empowerment within a self renewing profession Reflective Teacher Education offers case studies from seven universities that have organized teacher education programs around the concept of reflection The cases represent public and private institutions and alternative and traditional models of teacher preparation The studies represent efforts to transform the entire professional education component rather than individual courses or isolated strategies The volume also considers reflection as a conceptual orientation commenting on its power to inform and improve teacher education and assessing the implementation of reflection in these specific programs The six critiques raise intriguing questions about the possibility and desirability of reflective reform efforts by viewing the cases from varying perspectives development cognitive feminist social reconstructionist and post modern **Reflective Teaching** Kenneth M. Zeichner,Daniel Patrick Liston,2014 This volume outlines the assumptions and beliefs that distinguish the concept of the reflective teacher from the view of the teacher as passive and a mere technician a view that teacher education programs and schools have historically promoted The authors demonstrate how various conceptions of reflective teaching differ from one another They believe that it is only through teachers reflections on their own teaching that they become more skilled more capable and in general better teachers This is the first volume in the Reflective Teaching and the Social Conditions of Schooling series The major goal of both this book and of all of the volumes to follow in this series is to help teachers explore and define their own positions with regard to the topics and issues at hand within the context of the aims of education in a democratic society **Quality Teaching** Joelle K.
