The Eulogy Of Richard Jefferies Walter Besant, 2025-03 The Eulogy Of Richard Jefferies is a biographical memoir that serves as a tribute to the life and legacy of Richard Jefferies an English nature writer The narrative highlights his deep connection to nature particularly his childhood at Coate Farm in Wiltshire which influenced his literary work The memoir paints a vivid picture of Jefferies as a sensitive and curious child attuned to the natural world and explores how his environment shaped his future writings Through Besant's reflections readers are introduced to the formative experiences that fueled Jefferies literary career and his profound bond with the landscape The work captures the beauty and significance of Coate Farm providing a rich background to understanding Jefferies writing and his lifelong appreciation for the land Besant's tone is one of admiration as he reflects on Jefferies journey as a writer and his enduring impact This memoir offers a deep dive into the life of a man whose works continue to inspire those who appreciate the connection between nature and literature *The Wiltshire Archaeological and Natural History Magazine* , 1896 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society *Richard Jefferies* Henry S. Salt, 2015-03-25 He was a pagan a pantheist a worshipper of earth and sea and of the great sun burning in the heaven he yearned for a free natural fearless life of physical health and spiritual exaltation and for a death in harmony with the life that preceded it So is the writer Richard Jefferies 1848 1887 described by Henry S Salt in this classic study first published in 1894 The book sparked some controversy at the time as Salt a campaigner for animal rights vegetarianism and socialism used it to claim Jefferies for one of his own highlighting the social radicalism and nature based spirituality that increasingly marked his subject's later writing With wit and erudition he demolishes the conservative Victorian presentation of Jefferies as a mere chronicler of traditional country life and reveals him as a flawed yet inspirational figure whose best works were unsurpassed as prose poems by anything which the English language contains This new Winter Oak edition includes a preface by Paul Cudenec analysing the spiritual space shared by Salt and Jefferies both of whom have been neglected by contemporary culture but have an urgent message to deliver to our times [Encyclopedia of the Essay](#) Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages

in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies Margins of Desire Lynne Hapgood,2005-05-06 Who said that the suburbs are boring The suburban trick is to look ordinary and be extraordinary as Lynne Hapgood s absorbing discussion of the suburbs in fiction from 1880 1925 reveals **The Eulogy of Richard Jeffries** Walter Besant,1893 The Edinburgh Review ,1909 **Restless Human Hearts : a Novel (1875). By: Richard Jefferies (Volume 1)** Richard Jefferies,2017-06-08 John Richard Jefferies 6 November 1848 14 August 1887 was an English nature writer noted for his depiction of English rural life in essays books of natural history and novels His childhood on a small Wiltshire farm had a great influence on him and provides the background to all his major works of fiction Jefferies s corpus of writings includes a diversity of genres and topics including *Bevis* 1882 a classic children s book and *After London* 1885 an early work of science fiction For much of his adult life he suffered from tuberculosis and his struggles with the illness and with poverty also play a role in his writing Jefferies valued and cultivated an intensity of feeling in his experience of the world around him a cultivation that he describes in detail in *The Story of My Heart* 1883 This work an introspective depiction of his thoughts and feelings on the world gained him the reputation of a nature mystic at the time But it is his success in conveying his awareness of nature and people within it both in his fiction and in essay collections such as *The Amateur Poacher* 1879 and *Round About a Great Estate* 1880 that has drawn most admirers Walter Besant wrote of his reaction on first reading Jefferies Why we must have been blind all our lives here were the most wonderful things possible going on under our very noses but we saw them not John Richard Jefferies he used the first name only during his childhood was born at Coate in the parish of Chiseldon near Swindon Wiltshire the son of a farmer James Luckett Jefferies 1816 1896 His birthplace and home is now a museum open to the public James Jefferies had the farm from his father John Jefferies who had been a London printer before returning to Swindon to run the family mill and bakery Richard s mother Elizabeth Gyde 1817 1895 always called Betsy was the daughter of John Jefferies s binder and manager These relationships are mirrored in the characters of Jefferies s late novel *Amaryllis at the Fair* 1887 and the portraits of the family in the novel tally with external accounts of the Jefferies James Jefferies like Iden in *Amaryllis* was devoted to his garden while struggling to make a financial success of the farm The garden lovingly recalled in *Wood Magic* and *Amaryllis* also makes a strong impression on the memories of those who knew the Jefferies at the time Betsy like Iden s wife seems to have been dissatisfied with life on the farm a town bred woman with a beautiful face and a pleasure loving soul kind and generous to a fault but unsuited to a country life The farm was very small with 39 acres 160 000 m² of pasture and a mortgage of 1500 would later begin a slide into debt for James Jefferies who lost the farm in 1877 and became a jobbing

gardener But these difficulties were less evident in Richard's childhood The situation was much as in *After London* 1885 where the farming and gardening Baron is again based on James Jefferies The whole place was thus falling to decay while at the same time it seemed to be flowing with milk and honey One part of the Jefferies family is strikingly missing from the books In *Wood Magic* Bevis and Amaryllis the hero or heroine has no siblings only *After London* gives the main character brothers and depicts the imperfect sympathy between them James and Elizabeth's first child Ellen had died young but Richard had two younger brothers and a younger sister

William Tinsley (1831-1902): Speculative Publisher Peter Newbolt, 2019-01-15 This title was first published in 2001 An account of the activities of 19th century publisher William Tinsley particularly in relation to his authors and his chosen way of making a living In considering the library publishing system that dominated all aspects of fiction in the latter part of the 19th century when down payments rather than royalties were the rewards of novelists it may be surprising to find how wide were the variations in prices that publishers paid for such work Differences appeared when individual publishers developed soft spots for particular authors and in consequence they sometimes made fools of themselves William Tinsley certainly did so on several occasions but was blessed at least in later life with the grace of never seriously regretting any of his mistakes Examples of the nature of this good hearted man are found in these pages This account relies to an extent on Tinsley's two volumes of memoirs
