Preaching With Relevance:

Unleashing the Word Adam Hamilton, 2011-12-01 Imagine announcing a new series of sermons and seeing worship attendance increase by 1 000 people on the first Sunday of the new series Or consider a pastor developing sermon plans two to three years out What kind of pastor sits in a bar with a notepad just looking for ideas for sermons Or has as his aim to preach the best prepared best researched sermons his congregation has ever heard All of these and more explain part of the reason the United Methodist Church of the Resurrection has grown from four people to over 10 000 in just thirteen years In *Unleashing the Word* Adam Hamilton helps pastors and church leaders consider the purpose planning and execution of excellent preaching He offers detailed descriptions of the sermon planning writing and preaching process behind one of the fastest growing churches in the United States He includes numerous personal anecdotes and enough sermon ideas to keep the average pastor busy for years Finally after you have read how sermons are planned and prepared at the Church of the Resurrection you can watch the included DVD which features four full length sermons and other resources to help you apply what you ve read in the book If you only buy one book on preaching this year this is the book you must buy [Preaching with Relevance in the Twenty-First Century Church](#)

Paul A. Hylton, 2011-09-02 Phillips Brooks said Preaching is the communication of truth by man to men It has in it two essential elements truth and personality This book challenges the preacher of the gospel to seek to develop his or her preaching skills while understanding the nature of the audience It is not a textbook on preaching but a practical guide to effective preaching *Preaching with Relevance* Keith Willhite, Clear communication of the relevance of the biblical text to contemporary culture is the responsibility of the pastor Keith Willhite offers strategies for exegetically solid and culturally apt sermon preparation *Applying the Sermon* Daniel Overdorf, 2009-08-28 Finally a tool to help Pastors shape applications that so many congregations have long desired Even the most seasoned homileticians balk at sermon application Why Because application requires preachers to toss a grenade like thus saith the Lord into people s lives and to do so repeatedly From the introduction Despite the concern many pastors feel when it comes to sermon application most homiletics texts devote little more than a chapter if that to this vital topic Daniel Overdorf has filled this glaring gap with *Applying the Sermon* This book equips preachers to develop sermon application that grows from the biblical text and addresses the needs of contemporary congregations Each chapter includes snippets of interviews with five of today s most respected homileticians Haddon Robinson Will Willimon Tom Long Vic Pentz and Bob Russell A great addition to any pastoral library and a valuable resource for Bible college and seminary courses *Applying the Sermon* also includes an extensive bibliography and a sermon application worksheet to give pastors a chance to acquire hands on experience with these techniques [Preaching to a Post-Everything World](#) Zack Eswine, 2008-04-01 Zack Eswine starts this unique pastoral resource with a captivating question Could I now reach who I once was Challenging the idea that today s preachers must do away with biblical or expository preaching if they are to reach non Christian people

Eswine offers a way of preaching that embraces biblical exposition in missional terms Recognizing all of the different cultural situations in which the gospel must be preached he gives preachers practical advice on preaching in a global context while remaining faithful to the Bible Pastors seminarians and church and ministry leaders who speak in various contexts will welcome this fresh thoughtful examination of bringing the Word to today s multi everything post everything world

Topical Preaching in a Complex World Sam Chan, Malcolm Gill, 2021-12-07 Be Equipped to Prepare and Deliver Engaging Biblical and Effective Topical Sermons Sooner or later every preacher will come upon a situation where they need to preach a topical sermon Yet few are taught to preach topically Even preachers who are gifted in expositing the Scriptures may struggle to deliver a topical sermon that is engaging culturally relevant and true to the biblical text Worse many pastors worry these messages undermine confidence in the Bible or its authority leading to a human centered rather than a God focused sermon But that doesn t have to be the case In *Topical Preaching in a Complex World* Sam Chan and Malcolm Gill answer these objections and chart a path for how preachers can deliver faithful and effective topical messages First they address the biblical theological and cultural reasons pastors should add topical sermons to their preaching repertoire Then they introduce a straightforward four fold approach for preaching a topical message and answer important questions like these How do you approach a topic with the proper interpretative lens How can you speak to two or more audiences with the same sermon What should you consider theologically culturally and pastorally in your preparation How do you trace the topic back to Christ How can you better connect with your audience Best of all they help readers craft a message that says something people truly need and want to hear Filled with wit humor and wisdom from decades of preaching this book will equip preachers pastors ministry leaders and students to preach relevant biblical and engaging topical sermons Author Sam Chan says Just over a decade ago I was asked by an organization to speak at their end of year dinner They wanted me to address the topic of being a Christian single but I had no idea how to prepare and deliver a topical talk When the night arrived I preached an old three point expository sermon and merely changed the ending to include some application on singleness At best I got some polite comments afterwards At worst people s looks indicated that my biblical talk had little relevance for them They could not have been less fooled by my disingenuous workaround I went home vowing never to repeat that poor performance I felt like the unfaithful servant who had not adequately used what talents had been given to him As a result I have dedicated the last decade of my preaching ministry to overcoming and mastering the art of topical preaching This book is a product of that journey

The Relevance of Preaching Pierre Ch. Marcel, 2019-08-15 Because he believed in the importance of preaching in our age the author wrote this book to be read by every Protestant desirous of deepening his acquaintance with the goal power and relevance of preaching to permit him to profit as much as possible from this preaching to help him layman or preacher become conscious of his own personal responsibility in the preaching as a means of grace and the content relevance and characteristics of good preaching

Biblical Preaching Haddon W.

Robinson, 2025-02-11 This bestselling textbook on biblical preaching is a contemporary classic in the field. It offers students, pastors, and Bible teachers expert guidance in the development and delivery of expository sermons. This new edition provides resources, methods, and advice for new generations of students and pastors. It has been revised and updated throughout by Scott Wenig, professor emeritus of applied theology and Haddon W. Robinson Chair of Biblical Preaching at Denver Seminary. Wenig adds a step to the preaching method that has been widely accepted and utilized by Robinson's former students. The book also includes a foreword by Torrey Robinson. An outstanding introduction to the task of preparing and presenting biblical sermons, Robinson's Big Idea preaching has shaped the thinking of thousands of expository preachers and been the major influence on many of those who teach preaching in today's classrooms. *Preaching That Shows* Margaret Cooling, 2022-04-25 For many years the resolution plot has dominated homiletical theory, made most famous by the Lowry Loop, a staple of preaching theory for today's ministry student. Whilst the approach is important, some have accused resolution plot of leaving little room for ambiguity and failing to reflect the messy reality of life. Offering a ground-breaking approach as a counter to well-worn preaching strategies, *Preaching That Shows* explores the revelatory plot, focused more on the gradual revelation of relevant truths within the biblical text through character and embodied insight and through imaginative and sensory detail rather than through answering the questions how and why. It will prove an invaluable resource for students, homileticians, and preachers alike. *The Passion-Driven Sermon* James Shaddix, 2003-05-01 Seasoned pastor and educator James L. Shaddix presents a philosophical and theological argument for the practice of biblical exposition as the pastor's primary approach to preaching ministry in the local church. Shaddix emphasizes listening for God's voice in the sermon, God-centered vs. man-centered preaching, and preaching for real-life change. *The Modern Preacher and the Ancient Text* Sidney Greidanus, 1989-01-19 A fusion of biblical hermeneutics and homiletics, this thorough and well-researched book offers a holistic contemporary approach to the interpretation and preaching of biblical texts using all the scholarly tools available and focusing especially on literary features. Greidanus develops hermeneutical and homiletical principles and then applies them to four specific genres: Hebrew narratives, prophetic literature, the Gospels, and the Epistles. *Preaching in Today's World* James C. Barry, 1984 **How Effective Sermons Advance** Ben Awbrey, 2010-12-20 Sermon structure has been deemed an important component of preaching throughout the history of preaching by preaching instructors and practitioners alike. Many have made a case for the bearing that sermon structure has for the effective preaching of Scripture. However, sermon structure when incorporated in a sermon often is not as serviceable as it could and should be. This book provides instruction for how sermon structure can serve to principle Scripture by using statements of theological principle in the sermon outline. Therefore, the timelessness and the timeliness of Scripture are prioritized through statements of theological principle, providing doctrinal accuracy and personal relevance which are apparent in the outline of the sermon. *How Effective Sermons Advance* provides a thorough and comprehensive treatment on the highly significant matter of sermon structure.

Invitation to Biblical Preaching, Written in a conversational style with profuse examples to illustrate all concepts Invitation to Biblical Preaching takes the reader step by step through the entire process of preparing a biblical message from studying a passage with skill and integrity to delivering a message with persuasion accuracy passion and relevance An experienced pastor and homiletics professor Donald Sunukjian provides budding pastors with wise counsel that is sure to stay with them throughout their ministries How Effective Sermons End Ben Awbrey,2022-07-21 Extremely rare is the preacher whose preaching could not be improved substantially by readdressing his sermon conclusions Moreover a sermon conclusion marks the typical preacher s greatest need for improvement in his preaching This most significant element of a sermon has been championed for its importance in a sermon and yet the conclusion is trivialized in if not omitted from the preaching of sermons Whether textual topical or expository in preaching methodology the typical preacher has a greater understanding and better implementation of everything else related to preaching in contrast to what is understood and done in concluding sermons Much is not done and much more is not understood to conclude sermons with clarity strength and persuasiveness How Effective Sermons End provides a comprehensive approach and thorough examination of the sorely needed and long overlooked instruction regarding that most vital of all elements of a sermon the sermon conclusion This book fills the existing void in homiletical pedagogy about concluding sermons a void that prevents preachers from reaching their full potential of effectiveness in the ministry of preaching the Word of God The pathway of better preaching is knowledge and skill to effectively conclude sermons and this book floods that pathway with light **Preaching to a Shifting Culture** Scott M. Gibson,2004-08-01 The church in America is part of a changing culture and today s preachers must be prepared to engage the unique issues of our postmodern age Editor Scott M Gibson has skillfully combined the works of many well known preachers including Haddon Robinson and Bryan Chapell into one practical guide written for present and future church leaders Including questions for reflection and suggestions for further reading this helpful resource addresses important topics such as preaching to a postmodern audience pluralism and the intersection of preaching and psychology Preaching to a Shifting Culture is a must read for preachers It intensified my passion to preach Scripture it clarified for me some critical issues related to preaching and it triggered some ideas and strategies I will build into my preaching Steve Mathewson author of The Art of Preaching Old Testament Narrative A stimulating potpourri of evangelical insights for changing times Michael Quicke Charles Koller Professor of Preaching and Communications Northern Baptist Theological Seminary Timely and relevant this collection of essays thoughtfully explores the issues facing today s preacher and calls today s preacher to thoughtfully face the issues Patricia Batten pastor Village Baptist Church Kennebunkport Maine Those who are called to proclaim the Word in a contemporary setting will benefit from the analysis and suggestions offered in this outstanding collection Michael Duduit editor Preaching magazine *Levels of Relevance in Preaching* Norman Bruce McLeod,1960 **Contemporary African Americanpreaching P3040**, L Susan Bond reveals the full range and diversity

of African American preaching in this exploration of African American homiletical theories Portraying the many approaches that are empowering preaching in African American churches today Bond shows how different theological perspectives produce different methods of sermon preparation and delivery different strategies for selecting illustrative material and even different ways of beginning and ending sermons Her goal is not to lift up the right way to preach in the African American tradition but to show the richness and nuance contained within this powerful cultural expression *The Big Idea of Biblical Preaching* Keith Willhite, Scott M. Gibson, 2003-02-01 Since 1980 Haddon Robinson has influenced generations of students and preachers through his widely used classic text *Biblical Preaching* in which he shows preachers how to communicate the Bible's big ideas with precision But does Robinson's big idea approach to expository preaching still work in today's diverse cultures and fast paced world *The Big Idea of Biblical Preaching* now in paperback presents a strong defense of the ongoing relevance of this approach to expository preaching An experienced and skilled group of contributors to this volume includes Paul Borden Scott M Gibson Duane Litfin Terry Mattingly John Reed Bruce L Shelley Donald R Sunukjian Joseph M Stowell III Bruce K Waltke Scott Wenig and Keith Willhite This volume is written not only for the current generation of students but also for today's preachers who will find in the pages of this book a powerful approach to expository preaching **Improving Relevance in Preaching Using a Lay Sermon Preparation Team** R. Dennis Campbell, 1985
