**The Psychoanalytic Review**, 1963 Contemporary theory and practice of psychoanalysis Ritual Theodor Reik, 1946 **Ritual and Spontaneity in the Psychoanalytic Process** Irwin Z. Hoffman, 2014-06-03 The psychoanalytic process is characterized by a complex weave of interrelated polarities transference and countertransference repetition and new experience enactment and interpretation discipline and personal responsiveness the intrapsychic and the interpersonal construction and discovery In *Ritual and Spontaneity in the Psychoanalytic Process* Irwin Z Hoffman through compelling clinical accounts demonstrates the great therapeutic potential that resides in the analyst's struggle to achieve a balance within each of these dialectics According to Hoffman the psychoanalytic modality implicates a dialectic tension between interpersonal influence and interpretive exploration a tension in which noninterpretive and interpretive interactions continuously elicit one another It follows that Hoffman's dialectical constructivism highlights the intrinsic ambiguity of experience an ambiguity that coexists with the irrefutable facts of a person's life including the fact of mortality The analytic situation promotes awareness of the freedom to shape one's life story within the constraints of given realities Hoffman deems it a special kind of crucible for the affirmation of worth and the construction of meaning in a highly uncertain world The analyst in turn emerges as a moral influence with an ironic kind of authority one that is enhanced by the ritualized aspects of the analytic process even as it is subjected to critical scrutiny An intensely clinical work *Ritual and Spontaneity in the Psychoanalytic Process* forges a new understanding of the curative possibilities that grow out of the tensions the choices and the constraints inhering in the intimate encounter of a psychoanalyst and a patient Compelling reading for all analysts and analytic therapists it will also be powerfully informative for scholars in the social sciences and the
