The Soundies Mark Cantor,2023-04-19 The 1940s saw a brief audacious experiment in mass entertainment a jukebox with a screen Patrons could insert a dime then listen to and watch such popular entertainers as Nat King Cole Gene Krupa Cab Calloway or Les Paul A number of companies offered these tuneful delights but the most successful was the Mills Novelty Company and its three minute musical shorts called Soundies This book is a complete filmography of 1 880 Soundies the musicians heard and seen on screen recording and filming dates arrangers soloists dancers entertainment trade reviews and more Additional filmographies cover more than 80 subjects produced by other companies There are 125 photos taken on

film sets along with advertising images and production documents More than 75 interviews narrate the firsthand experiences and recollections of Soundies directors and participants Forty years before MTV the Soundies were there for those who loved the popular music of the 1940s This was truly music for the eyes The North American Indian: The Yakima. The Klickitat. Salishan tribes of the interior. The Kutenai Edward S. Curtis,1911 A comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions The value of such a work in great measure will lie in the breadth of its treatment in its wealth of illustration and in the fact that it represents the result of personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the superior race It has been the aim to picture all features of the Indian life and environment types of the young and the old with their habitations industries ceremonies games and everyday customs Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal a rehearsal of these wrongs does not properly find a place here General introduction

Beautiful Sin of the Last Bride Emely Batin-Orillos,2021-09-13 Deeply human brutally bruising shockingly uncompromising yet the collection of short stories in the book is unified by the universal theme of divine love and mercy upon the most grave and wicked of mortal sinners Each story depicts how people live their lives in the dictates of reason or emotion but always with the sweet seduction of original sin The biblical myth of the last daughter of Eve resurfaces in the Book of Prologue to reconcile faith and science situating human redemption in causality and the negation of this principle God being a constant power with no origin This spiritual argument takes off from the seduction of recent radical scientific discovery of the Neutrinos particles travelling much faster than the speed of light The Seven Beautiful Sins are told by a speaker biblically destined to help save the world from eternal damnation yet born with her twin the serpent of creation which makes her the first and original mortal sinner And this raises the excitement of the grand story of salvation as the Second Coming is inevitable and its signs appearing in more ways than one *The China Journal of Science & Arts* ,1924
