## Sens Interdits:

Performing Citizenship in Postdictatorship Chile Jennifer Joan Thompson, 2025-06-15 Offering a nuanced understanding of the performing arts relationship to politics Through careful readings of key political performances in Chile's transition from military dictatorship to neoliberal democracy Jennifer Joan Thompson examines how the production and aesthetics of theater are intertwined in processes of democratization enactments of citizenship and the development of cultural policy *Performing Citizenship in Postdictatorship Chile Cultural Policy and the Making of Political Dramaturgies* reveals how artists performed changing models of democratic citizenship Thompson traces the ways artists confronted and resisted the military dictatorship of Augusto Pinochet how they then reimagined the body politic during the early transitional period and challenged official constructions of history and memory as the transition to democracy progressed how they critiqued Chile's neoliberal economic model and its violence and finally how they have made claims for feminist and Indigenous citizen subjectivities throughout Chile's current social crisis Incorporating archival and ethnographic research alongside readings of theatrical and political performances this study offers a nuanced understanding of the performing arts relationship to politics one that accounts for the ways artists and the state collaborate in the production of the political imagination

*Queer Print in Europe* Glyn Davis, Laura Guy, 2022-10-20 How have radical print cultures fostered and preserved queer lived experience from the 1960s to the present What alternative stories about queer life across Europe can visual material reveal *Queer Print in Europe* is the first book devoted to the exploration of queer print cultures in Europe following the birth of an international gay rights movement in the late 1960s By unearthing these ephemeral paper documents from archives and personal collections including materials that have been out of circulation since they were first distributed this book examines how the production and dissemination of queer print intersected with the emergence of LGBTQ activism within specific national contexts This vital contribution to queer history explores borders and political movements and the ways in which these materials contributed through their international circulation to the creation of a post national queer community Illustrated throughout with examples of manifestos flyers posters zines and other forms of print media it features interviews with those responsible for making distributing or archiving queer print alongside a series of new theoretical essays that set particular publications and the individuals and groups that produced them in context The book isolates specific instances of queer print media and scrutinises their design aesthetics identifying both the significant contribution that queer print has made to histories of LGBTQ struggle and to the history of print design

**Gender and French Identity after the Second World War, 1944-1954** Kelly Ricciardi Colvin, 2017-09-07 The enfranchisement of women in Charles de Gaulle's France in 1944 is considered a potent element in the nation's self-crafted triumphant World War Two narrative the French conquered by the Germans valiantly resisted until they rescued themselves and built a new democracy honoring France's longstanding liberal traditions Kelly Ricciardi Colvin's *Gender and French Identity after the*

Second World War 1944 1954 calls that potent element into question By analyzing a range of sources including women s magazines trials memoirs and spy novels this book explores the ways in which culture was used to limit the power of the female vote It exposes a wide network of constructed behavioral norms that supported a conservative vision of French identity Taken together they depicted men as virile Resisters for French democracy and history and women as solely domestic support Indeed Colvin shows that women s access to the vote emerged alongside an explosion of cultural messages that encouraged them to retreat into the home to find mates to have millions of beautiful babies in the words of de Gaulle and not to challenge patriarchy in any way This is a vital study for understanding the nature of postwar France and women s history in 20th century Europe
