Separate Sisters:

Parallel and Separate Beverly Park Williams, 2025-04-04 Parallel and Separate This is the story of two sisters who were separated at birth to be reunited 70 years later The details of each sister were indeed parallel to the other as they grew up in the same city of Cincinnati one living on the west side and the other on the east side Despite many opportunities to cross paths neither sister was aware of the existence or proximity of the other until the internet research of their children brought them together

The Role of Sisters in Women's Development Sue A. Kuba Professor of Psychology at the California School of Professional Psychology, 2011-03-04 Psychological theory has traditionally overlooked or minimized the role of siblings in development focusing instead on parent child attachment relationships The importance of sisters has been even more marginalized Sue A Kuba explores this omission in *The Role of Sisters in Women's Development* seeking to broaden and enrich current understanding of the psychology of women This unique work is distinguished by Kuba's phenomenological method of research rooted in a single prompt Tell me about your relationship with your sister Rich in detail the responses many of which are reproduced at length within the book provide a complex picture of sister relationships across the lifespan Integrating these stories with current literature about gender and family composition for sisters of difference disabled and lesbian sisters and ethnic sisters this book provides useful recommendations for therapeutic understanding of the significance of sisters in everyday life integrating diverse perspectives in order to address the ways clinicians can enhance psychological work with women clients A valuable contribution to the field of mental health *The Role of Sisters in Women's Development* is highly recommended for therapists who wish to broaden their inquiry into the sister connection as well as anyone who wants to further understand the importance of sisterhood

[Separate Sisters](#) Nancy Springer, 2014-12-30 Perfect Trisha and troublemaker Donni couldn't be more different but neither of them knows what to do when their parents get a divorce After Donni and Trisha's parents split up Donni goes to live with their dad and Trisha goes with their mom Donni is nothing like her older sister Trisha the Perfect who gets good grades and never does anything wrong All Donni is interested in is art Since the divorce she's been in trouble practically every day But after she smears paint on another girl's shirt and an adult asks her about the divorce all hell breaks loose Since Donni is always in trouble no one seems to notice that Trisha is also having a hard time with things at home With no one to confide in Trisha pours her heart out about everything her parents her sister her hopes for the future in her journal What she wants more than anything is for Donni to talk to her about how she's feeling But after Donni does something terrible maybe unforgivable the two sisters might never be friends again
