Buchler,Kenneth Maddock,2011-06-01 No detailed description available for The Rainbow Serpent The Aztec Book of Destiny Rick Holmer,2005-09 The Aztec Book of Destiny summarizes traditional Mesoamerican beliefs about the spiritual nature of time and its influence on one s personality and fate The ancient Aztec Toltec and Maya believed that the day of birth as defined in their sacred calendar affects destiny and this philosophy has guided their daily lives for more than 3000 years This book condenses the scattered and disparate literature about these beliefs into a fun and informative narrative but it goes far beyond what academics and popular authors have published to date The author presents a unique perspective

shaped by the wisdom of a traditional calendar keeper he met in Mexico in 1973 The book s message is that the calendar is not simply an ancient and forgotten curiosity it is as relevant today as in ancient times The majority of the book projects the timeless Mesoamerican philosophy into contemporary Western society encouraging introspection and self awareness [The Financial Image](#) Alasdair King,2023-12-28 The Financial Image Finance Philosophy and Contemporary Film draws on a broad range of narrative feature films documentaries and moving image installations in the US Europe and Asia Using frameworks from contemporary philosophy and critical finance studies the book explores how contemporary cinema has registered recent financial and economic issues The book focuses on how filmmakers have found formal means to explore celebrate and critique the increasingly important role that the financial sector plays in shaping global economic political ethical and social life
