Mass Media Writing An Introduction:

Mass Media Writing Gail Baker-Woods, Kay Ford, Ken Keller, Joe Plumley, Jr., Julie E. Dodd, G. Paul Smeyak, 1998 Because journalism and mass media students need and benefit from writing skills for print based media this text first provides a strong foundation in newspaper writing techniques Following chapters cover other media writing styles and discuss how and why these writing styles differ from and resemble newspaper writing A final chapter discusses legal aspects of writing including libel invasion of privacy and First Amendment rights

Mass Media Writing Paul Smeyak, Julie E. Dodd, Kenneth Keller, Kay Ford, Gail B. Woods, Kim B. Walsh-Childers, Joseph P. Plumley, 1996-07-01 *Media Today* Joseph Turow, 2011-09-22 *Media Today* puts students at the center of the profound changes in the twenty first century media world from digital convergence to media ownership and gives them the skills to think critically about what these changes mean for the role of media in their lives *Media Today* Fourth Edition is built around four key concepts A media systems approach allows students to understand the interconnected cultural political and economic forces that shape media they encounter every day Unique insights into media trends give students an insider s perspective on how media industries are responding to changes from globalization to social networking Focus on digital convergence shows in each chapter how digital media is transforming traditional mass media such as newspapers magazines and television A media literacy goal encourages and builds critical skills to make students more informed and engaged citizens in our media driven society Completely revised with updated examples new case studies and new online video resources the 4th edition of *Media Today* connects the latest trends debates and technologies to the history of media highlighting the impact and meaning of today s changes to the media landscape especially how traditional industries have blurred together with digital convergence Additional learning resources including a new set of online video resources interactive quizzes study resources and instructor guides are available on the free companion website at www.routledge.com/textbooks/mediatoday4e

Media/impact Shirley Biagi, 2003 [Mass Media Research](#) Roger D. Wimmer, Joseph R. Dominick, 1997 This text effectively presents both principles and techniques of statistics and research methods in a totally mass media oriented context The text presents the research process and enables students to understand analysis and reports from secondary sources

Writing for the Mass Media James Glen Stovall, 2006 This successful text offers a simple organization clear writing abundant exercises and precise examples that give students the information about media writing and the opportunity to develop their skills as professional writers Using a workbook style format it introduces and explains the major forms of media writing inverted pyramid for print and Web dramatic unity for broadcast copy platforms for advertising and the various writing structures required for public relations *Writing for the Mass Media* also covers all major areas of media including the Internet In addition its basic and practical approach makes this text an excellent book for any introductory writing course New to the Sixth Edition A completely rewritten chapter on writing for the Web uses innovative exercises to develop writing skills accounts for many of the

structures and demands of the web environment and helps students navigate in this medium Many new examples of good writing are featured in the text against which students are encouraged to model their own writing New exercises found in many of the chapters including those involving grammar and style allow students to put content into practice An updated Companion Website www.ablongman.com/stovall6e and Instructor's Manual with additional material for lectures and discussion as well as some additional exercise material provide supplementary material for users A glossary provides easy access to definitions of terms used throughout the book Praise for Writing for the Mass Media Stovall's strengths are many the book is a bargain and the inclusion of exercises for each chapter heightens its bargain status Likewise the back to basics approach makes the book accessible to a wide range of students For those who are in search of breadth Stovall's greatest virtue has to be the diversity of media writing tasks addressed Not one of the competitors that I have used offers nearly the diversity of writing assignments treated by Stovall Laurence W Fennelly Macon State College Stovall's text is easy to read and the information is easy to access for any entry level course in media writing Christine Cranford East Carolina University

Mass Media Writing Elise K. Parsigian, 2013-11-05 This innovative book is the first to identify and describe the systematic process that drives the day to day work of writers in the real world of print and broadcast journalism public relations and advertising The key to creative problem solution for both simple and complex assignments in media work is engagingly detailed in this thought provoking guide Users of this book will learn how to fulfill assignments and write copy that meets an editor's or client's expectations speaks to the intended audience stands up to question and remains in memory The author skillfully blends tested processes from science and art to equip the student with the tools of self management and the techniques of disciplined creativity that defend against erroneous judgment Recognizing the role of problem solving in media and the primacy of critical thinking at all stages of the writing process from preparatory measures to final writing the author challenges the assumption that discipline and creativity are incompatible partners That partnership is described in detail then dramatized with absorbing examples and illustrations drawn from interviews with experienced practitioners in print and broadcast journalism public relations and advertising Each chapter is a discovery of how this reliable partnership for solving writing problems in media applies to both anticipated and unexpected communication situations Making known what media professionals have learned through trial and error on the job here is a thinking and writing dynamic that students new hires and aspiring free lancers can now acquire before entering the world of print or broadcast journalism public relations or advertising
