1891-1938 must rank among its most representative figures. Born to Central European Jews in Warsaw on the cusp of the modern age, he could claim neither Russian nor European traditions as his birthright. Describing the poetic movement he helped to found, Acmeism as a yearning for world culture, he defined the impulse that charges his own poetry and prose. Clare Cavanagh has written a sustained study placing Mandelstam's remembrance and invention of a usable poetic past in the context of modernist writing in general, with particular attention to the work of T.S. Eliot and Ezra Pound. Cavanagh traces Mandelstam's creation of tradition from his earliest lyrics to his last verses written shortly before his arrest and subsequent death in a Stalinist camp. Her work shows how the poet, generalizing from his own dilemmas and disruptions, addressed his epoch's paradoxical legacy of disinheritance and how he responded to this unwelcome legacy with one of modernism's most complex, ambitious, and challenging visions of tradition. Drawing on not only Russian and Western modernist writing and theory but also modern European Jewish culture, Russian religious thought, postrevolutionary politics, and even silent film, Cavanagh traces Mandelstam's recovery of a world culture vital, vast, and varied enough to satisfy the desires of the quintessential outcast modernist. A Handbook to Literature, William Harmon, Clarence Hugh Holman, 1996. Entries define, explain, and illustrate terms and concepts from film, theater, printing, linguistics, criticism, theory, and literary history.

Charms, Charmers and Charming Jonathan Roper, 2009. A selection of experts from America, Asia, and Europe discuss rat charms, snake charms, how impossibility and inevitability are expressed in charms, why charming has revived following the Balkan wars, the literary use of charms by Shakespeare and by Malagasy story tellers, the ramifications of charms in later times and places, and how charms are amongst other things, a means of coping. Taken together, the book offers some of the best and most diverse scholarship produced in the current revival in the study of charms.
